(No need to return this page)

REGISTRATION APPLICATION REQUIREMENTS

1. Service/Breeders certificate signed by owner/manager of sire. (For PHAA registered and listed stallions, this certificate must have been returned with a PHAA stallion Breeding Report.)
2. If dam is AQHA or thoroughbred, a photocopy of the dams papers reflecting ownership must be supplied with this application, alternatively the mare may be permanently listed with the PHAA. Mare Listing application forms are available on request or may be downloaded from our website.
3. If the sire of the horse applying for registration is AQHA or thoroughbred, the stallion must be listed with the PHAA. Stallion Listing application forms are available on request or may be downloaded from our website. A one off \$100 fee is payable to List AQHA or thoroughbred stallions with the PHAA - please complete separate stallion listing form.
4. Set of four (4) photographs – this application must be accompanied by four (4) clear photographs, showing the horse directly from each side, front and rear. Direct shots must be made, angle shots will not be accepted. Regular sized photographs are preferred. Digital photographs may be supplied by email or on disc - jpeg format preferred. If the horse has minimal markings which need to be verified for registration, please provide additional close up photographs. It maybe necessary to wet or shave the area to verify pink skin size. The registration certificate will be issued in accordance with the photographs submitted.
5. It is a requirement that the person be a financial member of the PHAA to have a horse registered in their name. The name of the individual applying for the registration of this horse shall be the same as that appearing on the membership card. If the name appearing on the front of this application differs from the name appearing on the membership card then an additional membership will be required.
6. This application must be signed by all owners, if joint owners both nominees / owners must sign the applications.
7. All filly foals MUST be DNA typed prior to being used for breeding or their foals being registered.
8. All stallion registrations will not be finalised until after receipt of a completed PHAA Veterinary Certificate and the results of the DNA typing being received by the PHAA office. Stallions MUST not be used for breeding prior to completion of the registration by the PHAA office.
9. **IMPORTED STALLIONS** - applications must be accompanied by DNA typing (or additional fee will be charged). Imported stallions must be shown to be HYPP and PSSM1 negative. HERDA testing results must be provided, prior to completion of registration.
10. **Breeding Stock Registry** – Cremello & Perlino Quarter Horses and other solid horses which qualify under rule 109.
11. **UNNATURAL MARKINGS** – Any horse which is found to have unnatural markings will be rejected for registration and the owner may be barred from the PHAA. The PHAA shall have the option of sending a PHAA representative to collect hair samples and/or biopsies (by a licensed Veterinarian) as a precedent right to registration for the horse to remain registered.
12. It is recommended that all horses whose pedigree includes Poco Bueno bloodlines, be DNA tested for the HERDA gene, unless both parents have been tested and have been proven to be negative. Imported stallions must be HERDA tested prior to registration.
13. It is recommended that the PSSM1 status of all breeding horses be determined. Please complete the attached PSSM1 recording form and send with your registration application. For help, please contact the PHAA office.

(No need to return this page)
