GENERAL RULES AND REGULATIONS

1. COMMITTEES AND PORTFOLIOS

All committees/portfolios shall consist of not less than three members. In making appointments to the committee/portfolio the Board of Directors shall appoint members of the committee for one (1) year. Any vacancy in the committee, other than by expiration of term, shall be filled by the President with the advice and consent of the Executive Committee. The Chairperson of each Committee/Portfolio shall be appointed annually by the Board of Directors as soon as possible after the election of the Directors and shall be published in the Australian Paint Horse Journal after the annual general meeting.

The possible committees and/or portfolios, that need not all be operational at one time at present are:

- Amateur Owner
- Awards
- Breed Improvement
- Budget
- Constitution
- Fund Raising
- Gelding Promotion
- Genetics
- AQHA
- Inspections
- Judges
- National Show
- Non-Traditional
- PHAA Journal
- Promotion and Publicity
- Racing
- Regional Clubs
- Registration
- Rules and Regulations
- Show and Performance
- Show Points
- Sponsorship
- Youth

Special committees/portfolios may be appointed by the Board of Directors from time to time to attend to special business. These committees/portfolios serve for the duration of the special problem or until replaced or until the committee is disbanded.

Where no committee or portfolio has been appointed, or not in existence at a particular time, then the Board of Directors may act as the necessary committee or portfolio and perform the same functions thereof.

2. PROPOSED RULE CHANGES

A proposed rule change must be discussed at a minimum of one board meeting. All proposed rule changes must be published in the Paint Horse Journal and if not amended will become effective the following August. If, under extreme circumstances, the Board deem it necessary, the rule change can be made effective immediately.

Proposed rule changes can originate from the floor of a Board of Directors or general meeting; from the PHAA Office; from a PHAA member via mail; from a committee/portfolio or an Executive Committee meeting. When a change in the rulebook is proposed, it may be directed to the Chairman of the respective Committee/Portfolio. The rule is subject to amendment by the

Board. However, any amendment must be closely related to or have bearing on the rule.

The rule, complete with amendments, will then go to the Rules Committee/Portfolio or Board of Directors to be placed in proper and legal wording. The Board of Directors cannot change the intent of the rule as it was received. The Board of Directors will then approve or reject the proposed rule change at its next regular or special meeting. If the proposed rule change is approved, it will then be placed in the Official Rule Book. If the current or proposed rule fails to obtain approval, it can still be considered for a future Rulebook provided it is sent back to the Board of Directors and that the above procedure is again followed.

If a proposed rule change is to be considered to be of extreme importance by Board Of Directors that it must be acted on immediately, such proposed change must be presented to the Executive Committee prior to or at any regular or special meeting of the Board of Directors, and if in the opinion of the Board Of Directors such proposed change is important to the best interests of the Association, it can then be presented to the Board of Directors for immediate action and to become effective immediately.

Note: AQHA registered 'Q' and 'R' mares will have the same status for registration of Paint foals. AJC registered mares that have proven thoroughbred breeding for three (3) generations shall have the same status as stud book thoroughbred mares for registration requirements.

- (c) All appendix registered quarter horse mares foaled prior to August 1st 1990 shall have the same status for registration as R and Q mares.
- (d) For all appendix registered quarter horse mares foaled after July 31st 1990, provided they meet the bloodline requirement for two generations, will be accepted as part of the bloodline requirement.
- (e) All 'A' numbered quarter horse mares, foaled after July 31st 1995 which are by a 'Q' numbered horse out of a foundation mare, will only be accepted if the outcross is stud book thoroughbred.
- (h) Refer to Rule 115 concerning AQHA and ASB stallions.
- (i) PHAA reserves the right to accept any Paint, Paint Bred or Breeding Stock horse and record the transfer or lease of a PHAA registered horse into the registry when the breeding is proven to the satisfaction of the Association.
- (j) Thoroughbred mares and stallions that are used for Paint Horse breeding must be registered in the Australian Stud Book records. Horses noted with a suffix of "ntb" will not be accepted until verification of thoroughbred only bloodlines is received from the Keeper of the Australian Stud Book.
- (k) As from 1st August 2009, all 'A' numbered quarter horse stallions which are by a 'Q' numbered horse out of a foundation mare, will only be accepted if the outcross is stud book thoroughbred. (*Refer BOD meeting Sept 2010*)

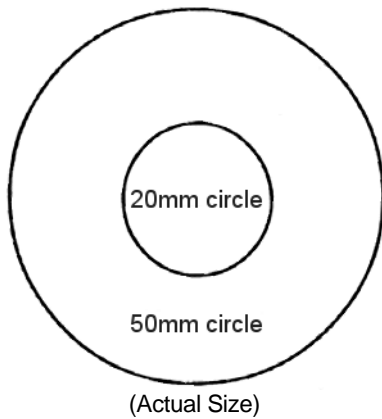

103. COLOUR REQUIREMENTS:

White hair or white coat marking must have pink underlying skin.

- (a) For a horse to be registered in the Regular Registry, it must be a recognisable Paint Horse. All questionable cases will be referred to the Registration Committee for recommendations to the Board of Directors. A Paint Horse may be white and any other colour such as black, bay, sorrel, dun, palomino, roan, cremello, etcetera. The PHAA Office shall determine questionable colour registration cases. However, the Registration Committee shall be called upon to decide colour questions in the event of a borderline case.
- (b) For the purpose of this rule, the term 'Natural Paint Marking' shall mean a predominant hair coat colour and contrasting white hair which has underlying pink skin. The patch of white hair regardless of shape, must extend somewhere beyond the perimeter of a 50mm circle and the patch of underlying pink skin must extend somewhere beyond the perimeter of a 20mm circle. The marking can be anywhere on the horse behind reference line 1 and

above reference lines 2 & 3. Non – qualifying areas include lips of vulva, shaft of penis and inner sheath not visible without physical manipulation of the area.

In the event of a horse that is predominantly white, there must be contrasting pigmented skin, which extends beyond the perimeter of a 20mm circle.

PAINT HORSE REFERENCE LINES

- i) **Reference Line 1:** From the base of the ear forward horizontally to the base of the other ear; from the base of the ear past the corner of the eye to the corner of the mouth, from the corner of the mouth under the chin to the corner of the mouth.

- ii) **Reference Line 2:** A level line around the leg at the centre of the knee. (The centre of the knee is determined by using the bony protrusions on the back of the knee as the starting point and drawing a level line horizontally around the knee).
- iii) **Reference Line 3:** A level line around the hind leg at the point of the hock.

(c) **Appointment of Classifiers**

Whenever the PHAA Registration Committee finds it impossible to make a clear decision on a horse's registration eligibility according to quality i.e. clarity of pink skin (not mottled), amount or appearance of the

contrasting colour and/or the underlying skin based upon pictures, a visual on-site inspection will be required. The Board of Directors will appoint suitable persons to be inspectors for these purposes and has the authority to revoke the given authority at any time.

The owner of the horse in question must submit an inspection fee and pay mileage and expenses as economic conditions warrant. The inspector shall fill out a complete report on the horse in question and submit that report to the Registration Committee to be considered.

- (d) A member shall refrain from any discussion or contact with the inspector concerning the inspection after the assigned inspection has been completed. Any question or discussions concerning the inspection shall be between the member and the Association office. Any member violating this 'code of ethics' shall be subject to disciplinary action.
 - (e) Under the provision of (c) above, no officer or employee of the PHAA except the inspector will inspect a horse for colour or express an opinion on the registration eligibility of a horse. A Director may express an opinion on the registration eligibility of a horse; however, this is not recognised by the PHAA as a formal inspection under paragraph (c) above.
 - (f) When any horse whose hair or underlying skin is considered to be unnatural by the inspector, the Association shall have the option of sending a PHAA representative to supervise the collecting of hair and/or skin biopsies (taken by a licensed veterinarian) to be sent to an approved laboratory.
 - (g) When a protest is filed questioning the eligibility for registration of a horse on the grounds of having unnatural markings or no white markings and this protest is deemed valid by an officer, director, or employee of the Association, the Association has the right to suspend the registration or recall the certificate of pedigree until such time as adequate tests can be made to determine whether or not the horse has unnatural markings or no white hair/pink skin. Such tests could include samples of hair and/or skin biopsies.
- If the owner, trainer or person responsible for the protested horse refuses to make the horse in question available to the PHAA representative in order for adequate tests to be made, the registration shall be cancelled immediately.
- (h) All the cost with the testing of a horse for unnatural markings will be at the expense of the owner should such tests prove the markings on the horse to be unnatural.
 - (i) A horse which is found to have unnatural markings or markings altered in any way by surgery, dye, or in any other manner will be rejected for registration and the owner may be barred from the Association, except in the incidence of animals being tattooed under the direction of veterinary advice to prevent degenerative skin diseases

to eyes, ears, nostrils and genitals. These horses' papers will be marked, noting the changes with photos to be kept on file.

- (j) When the registration department of the PHAA rejects an application for registration for an apparent lack of colour, the applicant may request an inspection and reconsideration.

Should the registration again be denied following the inspection, appeal may be made to the Executive Committee.

Action by the Executive Committee shall be final as to all applications except upon showing that there has been a change of circumstances that would justify the application being reviewed subsequent to a rejection.

Any horse rejected by the AQHA for excessive white markings may be eligible for registration in one of the registries of the PHAA. See *Crop out*

104. GAITED HORSES:

A gaited horse that single-foots or paces is not eligible for registration in this Association. A horse with a foxtrot or running walk is eligible for registration.

- (b) The recorded owner or lessee of the dam at the time of foaling is responsible for the registration of the foal and will be listed on the registration application as the first owner of the foal. The recorded owner or lessee of the dam at the time of foaling should actually sign the registration application and should either have a membership in exactly the same name as the dam is recorded on at time of foaling. If the foal is to be listed in any other party's name than the recorded owner or lessee of the dam at the time of foaling, then a transfer report or proof of ownership would be required.

- (c) All hair whorls, scars and brands (if branded) must be recorded on the application for registration.

106. AGE COMPUTATION:

The age of a horse and youth is computed by the year starting on August 1 and ending July 31. A horse is a weanling during its first year, it is a yearling in its second year, etcetera, regardless of the time of year foaled -e.g. A foal born March will be a yearling on August 1, 2001, and would show in a '2000 foal' class.

A horse is not eligible to participate in events approved by the PHAA if its age as determined by examination of its teeth does not correspond to the age shown on its registration certificate, such determination by tooth examination to be made in accordance with the current Official Guide for determining the age of the horse as adopted by the Veterinary Association.

The PHAA Application must be made for listing only and not registration. There is a fee for listing each stallion which includes, **DNA testing** and a PHAA Service Certificate book. This identification is beneficial to the stallion owner because it gives the PHAA the correct signature(s) to honour on breeding certificates and it allows these stallions to be listed in the PHAA Studbook. A copy of the Stallion's registration and pedigree is required with listing application form and fee. Stallions who are bred to Paint Horse mares prior to being listed with the PHAA, will incur a penalty fee which must be paid prior to any registration of progeny.

A notice concerning the requirements to finalise the file will be issued. If any person does not reply within 2 months from the date notice, the file will be closed.

An Insemination certificate for each mare bred, must be completed and lodged with the stallion breeding return. The insemination certificate must be completed by the attending Veterinarian or other authorised AI technician.

- (d) The foreign owners of stallions not located in Australia are required to hold PHAA membership (Paint stallions only) unless they appoint a PHAA member resident in Australia as an agent to sign all relevant documentation.

CHILLED FRESH SEMEN

- (e) For mares bred using chilled fresh semen, breeding returns and stallion service certificates must be signed by the recorded stallion Owner or Owner's agent.

- (f) If frozen semen is being imported from a foreign registered stallion, that stallion must be registered or listed with the PHAA prior to breeding. (refer Rule 101)
- (g) There are no limitations to the period of time the semen can be stored or utilised after the death or gelding of a stallion.

- (h) Frozen semen from deceased stallions will be accepted for registration or listing, with the PHAA provided the stallion has been registered and upgraded for breeding purposes with an approved registration authority in its country of origin. The last registered owner of the stallion must authorise the listing or registration with the PHAA

 - h. The Board of Directors reserves the right to deny or accept applications for Semen ownership on a merit and case by case basis. **

(Rule change approved BOD meeting May 2014)

118. PHOTOGRAPHS:

All applications for registration must be accompanied by four clear recent pictures which shows each side, front and rear. Pictures will be kept permanently on file with the registration applications. Please provide good clear *recent* photographs.

Pictures are to be taken of an unsaddled horse standing still, held with head in normal position. Show all four legs in each side picture and full frontal of face in front on picture. If horse has a mane, hold it away from the side being photographed so neck markings are visible.

For light coloured horses (palominos, duns, greys, roans, etcetera), wet the horse thoroughly so that the dark skin pigment shows

clearly the location and patterns of your horse's colour. This is best done on an overcast day so the sun does not cause dazzle from the wet coat, as this makes the pattern hard to discern.

Ensure that your horse is clean as sometimes dirt and stains can look like part of the colour pattern.

If the 'natural paint marking' is of minimal size or is not clearly visible in the four photographs, additional pictures must be submitted and must be clean and taken as close to the spot as possible, yet to include the entire spot and remain CLEARLY in focus.

Inadequate photographs will cause delay in the processing of papers as you will be asked to supply better pictures. Pictures should be clear so markings can be distinguished.

Photos are accepted by:

Hard copy - Original photo must be at least 6" x 4" (15cm x 10cm) in size and on good quality photographic paper. Please record the horse's name on reverse side (be careful not to write so heavily that the writing is seen from the other side)

Digital - images are accepted via email or on disk. Preferred file is a *.jpg file.

119. YEARLY STALLION BREEDING REPORTS:

The owners or lessees of all PHAA registered and listed stallions must make a written report on forms furnished by the Association on or before the first day of July of the year in which the mares are bred, showing all mares bred to said stallion during the year. This includes all mares owned by the owner of the stallion as well as outside mares. This report shall include all breeding dates or dates of exposure.

Stallion owners or lessees are required to pay a fee per mare bred as listed on the Stallion Breeding Reports, this to be paid at the time Breeding Report is returned to the Association.

A Stallion Breeding Report must be on file with the PHAA prior to any registrations being processed for foals by that stallion.

Penalty fees:

A penalty per mare will be charged on all late reports. If a report is not filed within 6 months the PHAA board may take further action which may include suspension of the stallion owner / lessee.

Triplicate Breeding Certificates:

(Certificates of Service) are also required by stallion owners for mares that are bred and certified in foal to his stallion. This Service Certificate must accompany the resulting foal's application for registration where it will be checked with the Stallion Report.

All mares must be listed whether tested in foal or not. Stallion owners must state full date and year mares are bred. Paddock bred is not sufficient. When paddock bred, owners must state date when mare is placed in paddock and date she is taken out. If Stallion Report and fees are not in PHAA Office by 1st July each year and owners do not comply with PHAA rules, no foals can be registered.

The pink copy is given to the mare owner, the yellow is retained for the stallion owner's records, and the white copy forwarded to the PHAA Office with the Yearly Stallion Report. On a Service Certificate, the Association shall only recognise the signature of a full member or nominee. If a mare is served by more than one stallion during the season, her owner must obtain a breeder's certificate signed by the owner of each stallion involved and giving dates of service, and must submit each such breeder's certificates to the Association.

Mare Owners:

When your mare is certified in foal, the stallion owner will issue a breeding certificate. The pink service certificate must accompany the resulting foal's application for Registration.

The breeder of a horse shall be the owner of the dam at the time of service, except when a mare is held under lease at the time of breeding (and written notification of such lease signed by the lessor is on file with the PHAA at time of registration), in which event the registration certificate shall show the lessee as the breeder.

No foal will be accepted by this Association unless a pink Service Certificate accompanies the horse's application for registration.

123. LEASES:

For a lease of a horse to be recognised by the Association, whether for breeding, racing, showing or performance purposes, written notice of its existence shall be filed with the Association on a form provided by it, signed by both the lessor and lessee, and submitted with the prescribed fee. The notice shall provide the effective date of lease and may provide a termination date. The lease will be recognised for a maximum period of two years, and is renewable. It may be terminated by written notice, giving termination date, signed by both lessor and lessee. No additional fee shall be charged for termination, whether automatic or by subsequent notice thereof. Registration papers are to be retained by the Office and a duplicate certificate with an expiry date is to be issued to the lessee.

During the effective term of the lease, the Association will not record subsequent changes in ownership until the lease is terminated.

Applications for registration submitted on all horses must be accompanied by a breeder's certificate signed by the record owner of the sire with the following exceptions:

- (a) When a stallion is bred under lease agreement or a mare is held under a lease and such written lease agreement is held in the office of the Association and when such lease specifically - in clear and unambiguous terms - authorises the Association to accept the signature of such lessee on breeder's certificates and stallion breeding reports, then the signature of such person shall be recognised.

(Upon cancellation or other termination of any such lease agreement, the owner immediately shall give written notice to the Association and to the lessee (with copy to the Association). Upon receipt of such notice, the signature of such lessee on breeder's certificates and stallion breeding reports will no longer be recognised except as to breeding which occurred in the period covered by the lease agreement and prior to the date such notice is received).

- (b) When written authorisation (on a form furnished by the PHAA on request) has been filed in the PHAA Office, the Association will accept the signature of such authorised individual on a breeder's certificate. The written authorisation must be signed by the recorded owner of the horse specified in such authorisation.

Lease documents are available from the office upon request. Signed leases will be required to be lodged with payment of the lease fee to the office within the timeframe listed on the lease form, otherwise a late lodgment penalty will be incurred.

See also Rule 237 Amateur Activity.

124. TRANSFERS:

- (a) Blank Transfer Report/Bill of Sale forms will be furnished free by the Association upon request. The registration certificate must accompany the completed transfer form to the Association in order for the horse to be recorded in the name of the new owner within 30 days of date of purchase, otherwise a penalty fee will apply;
- (b) When ownership of a registered horse is transferred (unless the transfer be "without papers"), the seller at the time of the transfer shall deliver to the buyer the applicable registration or listing certificate together with a written report of the transfer, which written report shall be signed by the seller, who shall be the recorded owner on the records of the Association;
- (c) It shall be the responsibility of the seller to complete the transfer form in its entirety to include the correct name and registration number of the horse, date of sale, name and address of the purchaser and signature and address of the seller. Should a seller of a registered horse sell a horse and fail to complete the transfer form and this fact is established, the seller may be assessed a penalty and such violations shall be noted. This penalty shall not apply when a horse is consigned at a regular auction sale, where it shall be the duty of the sale manager to insert on the transfer the complete name and address of the purchaser. The purchaser shall forward the completed transfer form and certificate with the applicable fee to the Association for appropriate action;
- (d) On a transfer form, the Association will require the signatures of all joint owners of a horse, unless the joint owners have filed in the PHAA Office a written agreement to the effect that one or more of the joint owners have the authority to sign for all such owners;
- (e) When the written authorisation (on a form furnished by the PHAA upon request) has been filed in the PHAA office, the Association will accept the signature of such authorised individual as sufficient to complete the recording of the transfer. The written authorisation must be signed by both the record owner of the horse specified in such authorisation and the person being authorised to sign a transfer;

- (f) In no case may the ownership name (whether an individual or otherwise) exceed 30 characters (letters and spaces);
- (g) No person shall make any alteration on a completed transfer form nor in any manner deface, change or amend the provisions of it;
- (h) To correct the date of a transfer recorded with the PHAA it is required that the Association be provided with signed statements from both the purchaser and the seller on the transfer report that is to be corrected, giving the date, the horse's registration certificate and the correction fee;
- (i) Purchasers must be members of the PHAA for transfers to be effective.

125. REGISTRATION DECISIONS:

- (a) In all proceedings concerned with or affecting the registration and records of the Association and in all disciplinary actions, the burden of resolving any doubt as to the true parentage or identification of an animal shall be upon the applicant, owner, lessee or other member or members involved, and the determination, decision and action of the Board of Directors upon all such questions shall be final and binding upon all parties.
- (b) In any case of doubt regarding the true parentage or identification of a horse, blood tests/hair samples may be required, and, taking into consideration the results of such tests and such other information as may be available, the Board of Directors may authorise such corrections in the records as may be determined to be necessary or appropriate. Owners are responsible for all costs. All certificates are issued with the right to cancel or revoke.

125 PROTESTS

When a protest is filed questioning the eligibility for registration of a horse and this protest is deemed valid by an officer, director, or employee of the Association, the Association has the right to suspend the registration or recall the certificate of pedigree until such time as adequate tests can be made to determine the eligibility of the registration or the horse. Such tests could include samples of hair and/or skin biopsies.

If the owner, trainer or person responsible for the protested horse refuses to make the horse in question available to the PHAA representative in order for adequate tests to be made, the registration shall be cancelled immediately.

The Board may determine that all costs incurred with the testing of the horse for this purpose will be at the expense of the owner should such tests be substantiated. Should the horse be found to meet the requirements for registration the Board may determine the person lodging the protest be liable for costs incurred.

126. PREFIX OR STUD NAME:

Letters are permissible providing that there are no less than two letters. One prefix and its abbreviation where possible, only is allowed per membership.

(Rule Book effective 1st August 2012)

An initial fee is imposed on registering a prefix (see Schedule of Fees). The name registered may be used as a stud prefix but is

essentially a prefix to the name of the horse. However, it is not compulsory that it be used as a horse name prefix.

Any member with a recognised stallion's name as a prefix, if not already used, is permissible.

All prefixes and stud names are registered with the original registering member for life. If the member becomes un-financial, that prefix or stud name will not be re-issued to another member in any circumstance.

(Rule change approved BOD Meeting August 2016)

Individual memberships or constituent members on agreement can use the same prefix. The Associations office must receive in writing an authorisation signed by the nominee of each membership.

The Registration Committee can refuse to accept names or prefixes which are likely to be confused with other horses or prefixes, or are misleading to their sex.

Members can apply for the use of a prefix in the naming of horses (this should not be confused with the necessity to register the business name of the stud name with the Department of Fair Trading or another relevant department). Only one horse prefix per membership shall be allowed.

The application for a prefix shall be accompanied by the appropriate fee as set out. The Association reserves the right to approve or reject absolutely any prefix it deems unacceptable and no prefix shall be used until notification of approval has been received in writing from the Association.

A prefix may only be used when the person registering the horse is also the breeder of the horse or when written permission is given by the owner of the prefix to the breeder of the said horse.

127. CORRECTION OR ALTERATION OF CERTIFICATES:

Correction or alteration of an original Registration Certificate may be obtained upon written application from the owner or lessee provided that:

- (a) The Association approves of such alteration;
- (b) The owner or lessee provides such information as may be required by the Association to ensure that the correction or alteration is valid;
- (c) The owner or lessee submits the horse for inspection if required by the Association;
- (d) The required fee as set out has been paid.

All corrections or alterations must be made by the Association. Any certificate which has been altered or defaced in any way other than by the Association is liable to cancellation and the issue of a duplicate certificate required.

The Association may correct a horse's Registration Certificate if the current owner files the proper statutory declaration - duly notarised, completed in all respects, and stating the corrections and giving reasons for same - and pays the required fee.

128. DUPLICATE CERTIFICATE:

The Association may issue a duplicate certificate of registration provided that:

- (a) The owner or lessee makes application for such certificate and furnishes a statutory declaration giving full

details of the circumstances surrounding the loss of the original certificate;

- (b) Such application is accompanied by four clear photographs showing both sides, front and rear views of the horse. (see Rule 118 Photographs);
- (c) The required fee as set out has been paid;
- (d) Association is satisfied as to the circumstances surrounding the loss of the original certificate.

129. NAMING A HORSE:

Each horse for which registration is applied must be given an acceptable name. Provided that a prefix is used before each name, there is no restriction to the names available to members. The PHAA reserves the right to refuse any name it deems unacceptable or inappropriate.

The name shall not exceed twenty-five (25) characters (this includes letters, punctuation marks, blank spaces and prefix).

- (a) An apostrophe is the only punctuation mark permitted in a name;
- (b) No Arabic or Roman numerals are permitted.

The Registration Committee can refuse to accept names for horses which pertain to religion, the Crown, or notable persons without their written consent.

Names may be reserved for future use upon payment of a fee.

A period of twenty (20) years must elapse following the death of a horse before the name of that horse can be used again in the registry.

The Registration Committee can refuse to accept names or prefixes which are likely to be confused with other horses, prefixes or misleading to their sex.

All paper work including show entries, point sheets and breeding returns must have the full registration name of the horse (including stud prefix) used at all times.

130. CHANGE OF NAME:

The name of a horse which has been registered may be changed provided that:

- (a) Its name has not been listed in a printed copy of the Stud Book;
- (b) Application is made by the owner;
- (c) The change of name is approved by the Association;
- (d) The horse has never started in a recognised race or approved show or been awarded half a point or more in the Association's Performance Register;
- (e) In the case of a stallion or mare, the horse has never been bred;
- (f) Approval in writing from the owner of the dam at the time of registration or recording is received by the Association;
- (g) The required fee as set out has been paid.

The Association may request the change of a horse's name if it is found that the name has been duplicated.

131. DISPOSAL OR DEATH:

- (a) The owner of any registered horse which dies, is sold or disposed of without papers shall notify the Association of the fact and surrender the appropriate registration certificate to the Association for proper notation within 30 days;
- (b) A certificate of registration is subject to correction and/or cancellation under the rules and/or articles of the PHAA. The PHAA will not be liable for any mistake on a certificate therein based upon an error or misrepresentation in the application thereof, and in case of such error or misrepresentation reserves the right to cancel a certificate and the entry of the horse;
- (c) No horse may be re-registered unless the last owner or executor of the said estate appearing on the certificate sanctions its re-registration with a penalty of double the registration fees;
- (d) Any horse with an inactive file over the age of 25 years will be marked as deceased and archived.

132. SURRENDER OF CERTIFICATE:

When a horse became eligible for advancement from the Appendix Registry, it was necessary to surrender the Appendix certificate of registration. If the certificate of registration in force at the time of qualification for advancement was not surrendered, a Statutory Declaration shall be furnished to the Secretary giving satisfactory cause and reason why the certificate in force cannot be surrendered.

133. UNDESIRABLE CHARACTERISTICS:

Any characteristics of conformation, temperament or movement is undesirable if it is below the standard described under Desirable Characteristics.

134. WHAT IS A PAINT HORSE:

A Paint Horse is a coloured horse registered in the Regular Registry of the PHAA. The PHAA's foundation breeding was basically a crossing of the better quality coloured mares to outstanding Quarter Horse and Thoroughbred Stallions. With genetics strongly in their favour, and by using these quality stallions in addition to the Registered Paint stallions, carefully inspected for their quality and type, the resulting offspring have been a combination of excellent conformation and exciting colour with quality you could see at a glance and individuality you can spot a mile away.

Breeders have placed conformation, ability and bloodlines on at least an equal basis with colour. Consequently, the Australian Paint Horse is not only colourful but can compete on equal terms - ability and conformation-wise - with all other light horse breeds.

Action

Basically, the Paint Horse should be short coupled for a high degree of action, and have the ability to move quickly for any stock horse event he is called upon to perform. His motion should be straight and true, with fluidity and good stride.

Back

The back (top line) should be short, with a strong loin that fits into a heavily muscled croup. The Paint Horse should also sport a good set of withers - "a place to put a saddle and have it stay there".

Balance

The Paint Horse should show balance, a harmonious development of all parts. His disposition should be highly manageable, but still imply alertness and animation. He should show style and beauty, balance and symmetry - overall quality.

Chest

The chest should be deep, fairly wide, but well forked. It should denote good power, but ample mobility.

Head

The head should be well proportioned to the rest of the body, refined, clean cut, with good width between large clear eyes. The face should be straight, the muzzle relatively small, the mouth shallow and the jaw broad and strongly muscled. Ears should be short to medium size, well carried and active.

Neck

The neck should be fairly long, and neatly join long, smooth sloping shoulders. Short, thick necks are most undesirable. The neck should emulate keenness, and the throatlatch should be ample, but clean cut. The head and neck of the Paint Horse should show boldness and masculinity in the stallion, refinement and femininity in the mare.

Legs

The legs should be straight, true and squarely set. Hocks should be clean cut, correctly set and not too high. The knees should be straight and taper gradually into the leg. The fetlocks should be naturally clean with no excess hair.

Rear

The rear quarter of the Paint should feature a long croup, heavily defined stifle, a hip that runs well down into the leg. The gaskin should be powerful proportionately both inside and outside.

135. IDENTIFICATION GUIDE:

The PHAA will register a horse on Genotype patterning based on proven genetic testing results first and foremost. In the absence of genetic testing results, they will register a horse's pattern based on Phenotype. Genotype and Phenotype's recognised by the PHAA are as follows:

Tobiano

The dark colour usually covers one or both flanks. Generally, all four legs are white, at least below the hocks and knees.

Generally, the spots are regular and distinct as ovals or round patterns that extend down over the neck and chest, giving the appearance of a shield.

Head markings are like those of a solid-coloured horse—solid, or with a blaze, strip, star or snip.

A tobiano may be either predominantly dark or white.

The tail is often two colours.

TYPICAL TOBIANO COLOUR PATTERNS

Overo

The white usually will not cross the back of the horse between its withers and its tail.
Generally, at least one and often all four legs are dark.
Generally, the white is irregular, and is rather scattered or splashy.
Head markings are distinctive, often bald-faced, apron-faced or bonnet-faced.
An overo may be either predominantly dark or white.
The tail is usually one colour.

TYPICAL OVERO COLOUR PATTERNS

Crop outs

A crop out is a coloured foal born from two solid non-Paint parents.
For registration purposes the parents of a crop out foal must be either:
two registered Quarter Horses
two Studbook Thoroughbreds
Or a combination of these two breeds.

A crop out will generally have 4 white legs, a belly splash and can have anything from a blaze to a bald face.

Any horse rejected for registration with the AQHA for excessive white will be eligible for registration with the PHAA, as long as it meets the bloodline requirements – see Rule 102 and the colour requirements – see Rule 103.

Sabino

"Typical" markings are at least one white sock, (in the majority of cases) back socks usually end in an upward shaped point, white on bottom lip (not always) coon tail (not always) white ticking in coat, particularly in flank area. Small blaze to bald or apron faced. "Louder" examples will have white patches or mottled white areas extending up the legs (particularly hind legs) and under the belly with occasionally a white patch or splash on the body.
White 'ticking' throughout the coat can also be a characteristic of the Sabino coat pattern. (See also 'Roan')

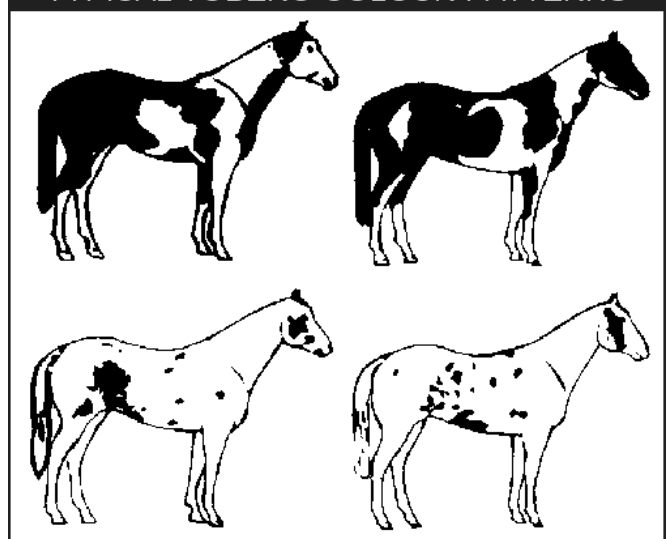

TYPICAL SABINO COLOUR PATTERNS

Tobero - Tobiano / Overo Cross

The Tobiano-Overo cross can produce some real puzzles in pattern identification. Some such crosses produce perfectly marked Tobianos, some perfectly marked Overos, some perfectly solid coloured horses. Others show characteristics of both patterns. This combination pattern is called Tobero. This pattern may produce a predominately white Tobiano with Overo traits around the head, that is, a bonnet face or white head with dark ears.

TYPICAL TOBERO COLOUR PATTERNS

Splashed White

Typical characteristics two pale blue eyes, bald face and head, all four legs are white, all white or partially white tails, white coat pattern progresses from the lower abdomen, shoulders,

hindquarters and lower neck, upwards. One description of this trait is as if the horse has walked through a pool of white paint. Topline of horse is usually a solid colour. Deafness may be associated with some forms of splashed white. *(Rule change approved BOD Meeting June 2012)*

The following diagram displays some Splashed White patterns

Solid

Horses which do not meet the colour requirements as per rule 103.

135(a) OVERO LETHAL WHITE FOAL SYNDROME

Members should be aware of the risk of an Overo lethal white foal being produced by the breeding together of two Overo horses or two horses carrying the Overo gene. A genetic test is available to detect the presence of the Overo lethal white gene. To avoid the risk of producing an Overo lethal white foal, a genetic test can be carried out on one or both parents. Test kits are available from the PHAA Office on payment of the appropriate fee.

IMPORTANT NOTE: Not all horses carrying the Overo gene display Overo colour characteristics. Tobiano, Splashed White and Sabino marked or Paint Bred (solid) registered horses with Overo bloodlines may also carry the Overo gene.

- i. Overo marked horses that meet the bloodline and minimum colour requirements for PHAA regular registration will be registered and as Overo if:
 - a. They have Overo bloodlines; or
 - b. Test positive to the OLWS gene (O)
- ii. A horse which has been genetically tested to be OLWS positive (O) which meets the bloodline but fails to meet the minimum colour requirements for PHAA regular registration, shall be registered as Paint Bred (Solid). Genetic colour information may be recorded on the registration papers.

136. COLOURS

The PHAA will register a horse on Genotype colours based on proven genetic testing results first and foremost. In the absence of genetic testing results, they will register a horses colour based on Phenotype.

- b) **Trot** is a two-beat gait, comprised of long, low, ground-covering, cadenced and balanced strides. Smoothness is more essential than speed. The knees should remain relatively flat, exhibiting minimal flexion. Short, quick strides and/or extreme speed will be penalised. When asked to extend the trot, there should be a definite lengthening of the stride;

These rules apply to Western Pleasure, Trail, Ranch Riding, Western Horsemanship, Western Riding, Reining, Lunge Line and Versatility Ranch classes. Any other disciplines refer to individual class rules.

83.1 Equipment

- a) **Hackamore** is the use of a flexible, braided rawhide or leather, or rope bosal, the core of which can be either rawhide or flexible cable. A Hackamore must use a complete Mecate rein which must include a tie-rein. Absolutely no rigid material is permitted under the jaws, regardless of how padded or covered. Horsehair bosals are prohibited. This rule does not refer to a so-called mechanical Hackamore;
- b) **Snaffle Bit** means the conventional O-ring, Egg-butt, or D- ring. The diameter of Snaffle bit rings must be a minimum of 50mm and a maximum of 100mm. The inside circumference of the ring must be free of rein, curb or headstall attachments which would provide leverage. Entries ridden in a Snaffle bit must be shown with both hands on both reins. Reins must be bridged with the tails of the reins on the opposite side of the neck. The rider's hands will be carried near the pommel and no further than approximately 50cm apart. Rider's hands must be steady with limited movement. Failure to comply with this rule will result in disqualification;
- c) **Curb Bits** means the use of a bit that has a solid or broken mouthpiece, has shanks and acts with leverage. All Curb bits must be free of mechanical device and will be considered a legal standard western bit; and

 - when using a curb bit, a curb strap or curb chain is required, but must meet the approval of the judge, be at least 12.5mm in width and lie flat against the jaw of the horse. A broken strap or chain is not necessarily cause for disqualification

- d) **Mouthpieces** - the bars must be round, oval or egg shaped, smooth and unwrapped metal of 8mm to 20mm in diameter, measured 25mm from the cheek. They may be inlaid but must be

smooth or latex wrapped. Nothing can protrude below the mouthpiece (bar), such as extensions or prongs on solid mouthpieces than by no more than 1.6mm.

The mouthpiece may be two (2) or three (3) pieces. A three-piece will have a connecting ring of 32mm or less in diameter, or a connecting flat bar of 10mm to 20mm measured top to bottom, with a maximum length of 50mm, which lies flat in the horse's mouth or a connecting roller 10mm to 20mm diameter are acceptable;

- e) Except for Hackamore/Snaffle bit classes or junior horses shown with a Hackamore, only one hand must be used on the reins and the hand must not be changed and the index finger only must be between the split reins. **Exception:** To work a trail obstacle a rider may change hands on the reins, but the index finger only must be between the reins;
- f) **Romal** is an extension of braided material attached to closed reins. This extension will be carried in the free hand with 40cm spacing between the reining hand and the free hand holding the Romal. The rider's hand will be around the reins with the wrists kept straight and relaxed, the thumb on top and the fingers closed lightly around the reins. Fingers between the reins is not allowed. In reining and working cow horse (reined work) use of the free hand while holding the Romal to alter the tension or length of the reins from the bridle to the reining hand is considered to be the use of two hands and a score of zero (0) will be applied, except during the hesitation or settling of the horse. The Romal will not be used forward of the cinch or to signal or cue the horse in any way. Any infraction of this rule will be penalised severely by the Judge;
- g) **Saddles** - In all western classes, horses must be shown in a western saddle. NB: A treeless saddle is not acceptable. Silver equipment does not count over a good working outfit. Horse's five-years-old (5) and younger may be shown in a Snaffle bit, Hackamore, curb bit, half-breed or spade bit. Horse's six-years (6) and older can only be shown in a curb bit, half-breed or spade bit.

83.4.1 Optional Attire - Spurs, chinks, and chaps in ridden classes. NB: Western Spurs are not to be used forward of the cinch.

83.5 Western Gaits The horse should be ridden at a speed which is a natural way of going. The head should be carried at an angle which is natural and suitable to the horses' conformation at all gaits. Refer Rules 83.51 to 83.6.

83.5.1 Walk: The walk is a natural, flat-footed, four-beat gait. The horse must move straight and true at the walk. The walk must be alert, with a stride of reasonable length in keeping with the size of the horse.

- a) **Poor**– uneven pace and no cadence. Has no flow and may appear intimidated or appear to march;
- b) **Average** – has a four-beat gait, level top-line and is relaxed;
- c) **Good** – has a flowing four-beat gait, level top-line, relaxed and is bright and attentive.

83.5.2 Jog: The jog is a smooth, ground-covering two-beat diagonal gait. The horse works from one pair of diagonals to the other pair. The jog should be square, balanced and with straight, forward movement of the feet. Horses walking with their back feet and trotting in the front are not considered performing the required gait.

- a) **Unacceptable** - cannot perform a two-beat gait and has no flow or balance in the motion;
- b) **Poor** - hesitates in motion. Does not keep an even and balanced motion or a level top-line and may appear to shuffle;
- c) **Slightly below average** - average motion but has negative characteristics such as: walking with hind legs, dragging the rear toes or taking an uneven length in stride with the front and rear legs;
- d) **Correct or average** - has a two-beat gait, a level top-line and a relaxed appearance;
- e) **Good** - has an average motion with positive characteristics such as balance and self-carriage while taking the same length of strides with the front and rear legs;
- f) **Very good** - is comfortable to ride while having a consistent two-beat gait. The horse guides well, appears relaxed and has a level top-line;
- g) **Excellent** -: effortless and very efficient motion. Swings the legs yet touches the ground softly. Confident, yet soft with its motion while being balanced and under control. Moves flat with the knee and hock and have some cushion in the pastern. Has a bright and alert expression and exhibits more lift and self-carriage than the "very good jog".

83.5.3 Extended Jog: When asked to extend the jog, it moves out with the same smooth way of going as in the jog.

- a) **Poor** - never lengthen the stride and may appear rough to ride;
- b) **Average** - moves up in its pace and appears smooth to ride;
- c) **Good** - has an obvious lengthening of stride with a slight increase in pace while exerting less effort and appears smooth to ride.

83.5.4 Lope: The lope is an easy, rhythmical, forward moving three-beat gait. Horses moving to the left should lope on the left lead. Horses moving to the right should lope on the right lead. The horse should lope with a natural stride and appear relaxed and smooth

- a) **Unacceptable** lope: does not have a three-beat gait. Has no flow, rhythm or balance. Uncomfortable ride. Horses travelling at a four-beat gait are not considered to be performing at a proper lope;
- b) **Poor** lope: appears to have a three-beat lope but has no lift or self-carriage. The horse shuffles, has no flow and bobs his head, giving the appearance of exerting a great deal of effort to perform the gait. Also, could be uncomfortable to ride;
- c) **Slightly below average** - has an average motion but exhibits negative characteristics like head bobbing, not completing the stride with the front leg and leaving the outside hock well behind the horse's buttocks;
- d) **Average** - has a true three-beat gait with a level top-line and very little head and neck motion. He is relatively straight (not over-canted); guides well and has a relaxed appearance;
- e) **Good** - has an average motion but exhibits positive characteristics in his performance like self-carriage, a steady top-line, relaxed appearance and is responsive to the rider's aids;
- f) **Very good** - has more lift and flow than the average horse. Has a strong but smooth drive from behind. He may bend his knee slightly yet still has a level top-line while exhibiting self-carriage with a relaxed appearance. Appears comfortable to ride;
- g) **Excellent** - has a round back with an effortless strong, deep stride with the rear legs and a flat swing with the front legs. He keeps a level top-line, a relaxed yet alert and confident appearance and correct but soft in appearance. A special horse with a great lift and self-carriage.

83.6 Back-up

- a) **Poor** - is resistant and heavy in front. May gape mouth and throw his head or back crooked;
- b) **Average** - backs straight and quietly with light contact and without hesitation;
- c) **Good** - displays balanced and smooth flowing movements. Backs straight with self-carriage without gaping the mouth, with light contact and without hesitation.

84. HALTER CLASSES

A halter class is defined as a class where the horse is judged based upon its conformation.

84.1 The purpose of the class is to preserve Australian Paint Horse type by selecting well-mannered individuals in the order of their resemblance to the breed ideal and that are the most positive combination of balance, structural correctness, and movement with appropriate breed and sex character and muscling.

84.2 The ideal Australian Paint Horse shown at halter is a horse that possesses the following characteristics: the horse should possess eye appeal that is the result of a harmonious blending of an attractive head; refined throat latch; well-proportioned, trim neck; long, sloping shoulder; deep heart girth; short back; strong loin and coupling; long hip and croup; and well-defined and muscular stifle, gaskin, forearm, and chest. These characteristics should be coupled with straight and structurally correct legs and feet that are free of blemishes. The horse should be a balanced athlete that is muscled uniformly throughout.

84.3 Conformation is defined as the physical appearance due to the arrangement of muscle, bone, and other body tissues.

While it could be assumed that most horses with several years' seasoning and past performance have acceptable conformation, the goal in selection should always be to find the best conformed horse possible.

Rating conformation depends upon objective evaluation of the following four traits: balance, structural correctness, breed and sex characteristics, and degree of muscling. Of the four, balance is the single most important, and refers to the structural and aesthetic blending of body parts. Balance is influenced almost entirely by skeletal structure.

84.4 Halter Equipment

- a) The halter must be of leather and may be adorned with silver accents. The lead must be made of leather with a chain for attachment to halter. The chain on the lead may be under the chin or over the nose;
- b) Lip chains of any type are not permitted;
- c) Stallions one (1) year of age and older can be shown with a lip cord in open and amateur divisions;
- d) Applying excessive pressure on or excessive jerking of an allowed lip cord is prohibited;
- e) The following horses cannot be shown with any cord or device through the mouth which includes lip chains or lip cords:
 - mares, geldings, weanling colts
 - any horse shown in performance halter or a Versatility Ranch conformation class.

84.5 Procedure for Judging the Class:

- a) Horses will walk to the judge one at a time. As the horse approaches, the judge will step to the right (near side of the horse) to enable the horse to trot straight to a cone placed at 15 metres away. At the cone, the horse will continue trotting, turn to the left and trot toward the left wall or fence of the arena. After trotting, horses will be lined up head to tail for individual inspection by the judge. The judge will inspect each horse from both sides, front and rear;
- b) Any horse that becomes detached from its handler and is no longer under control by the handler will automatically be disqualified and excused. If the initial horse exhibiting poor mannerisms (i.e. rearing, backing or falling into others, etc.) causes other exhibitor(s) to lose their horse(s), only the initiating horse will be disqualified and excused. The decision of the judge(s) is final;
- c) All stallions' two-years-old (2) and over are to have two (2) visible testicles. All mares and stallions will be examined for parrot mouth, being overshot, or undershot where normal occlusion between the upper and lower incisors is absent;
- d) All lame horses, cryptorchids and parrot mouthed horses, as determined by Rule 84.5 c), are to be excused from the ring prior to final placing by the Judge;
- e) Broodmare is a mare that has produced a full-term foal in the current year or the previous year. Mares may be any age. Mares shown in the broodmare class are not eligible to compete in any other filly or mare class nor is any mare shown in any filly or mare class eligible to compete in a broodmare class.

84.6 Group Halter Classes

- a) Horses shown in a group class must be eligible to show in their respective halter class at that show;
- b) The following additional classes are recommended if interest or entries justify them, but no points will be awarded:
 - Produce of Dam** - Two (2) produce, four (4) years of age and younger of either sex, per dam, can be shown. The dam need not be shown. The entry at the show must be made by the owner of the dam or by someone with written permission from the owner of the dam, but it is unnecessary for the produce to be owned by the owner of the dam.
 - Get of Sire** - Three (3) get, four (4) years of age and younger of either sex, per sire, can be shown. The sire need not be shown. The entry at the show must be made by the owner of the sire or by someone with written permission from the owner of the sire, but it is unnecessary for the get to be owned by the owner of the sire.

84.7 Performance Halter

Horse classes only. A horse is not eligible to compete in this class unless they have an ROM in a performance class.

84.7.1 Equipment, attire, and class procedures the same as for Halter.

84.7.2 A horse may not show in their age division Halter class and the Performance Halter class at the same show.

84.7.3 If held, only one Performance Halter class can be offered in each sex division.

Winners and 2nd placegetters of these classes are eligible for Champion and Reserve in their respective gender Champion class.

84.8 Performance Halter

- A horse is not eligible to compete in this class unless they have an ROM in a performance class.

- Winners and 2nd placegetters of these classes are eligible for Champion and Reserve in their respective gender Champion class.

85. PERFORMANCE CLASSES

85.1 BOXING

Novice Youth seven (7) to eighteen (18) years, and Novice Amateur only. Snaffle bit, Hackamore and two-handed rigs. Refer to Working Cow Horse Rule 105.

Boxing consists of a reining pattern and single cow work (boxing) on the end of the arena. The goal of this class is to introduce the rider to the "boxing" phase of the cow work. Judging begins when the contestant enters the arena.

There will be no schooling between the completion of the rein work and the cow work or between cows if a new cow is awarded. Each contestant upon receiving a cow in the arena will hold that cow on the prescribed end of the arena for fifty (50) seconds, demonstrating the ability of the horse and rider to control the cow. It is legal to hold the reins and Romal in one hand (rein hand) while boxing the cow. Time will begin when the gate closes behind the cow after being let into the arena.

The Announcer or Judge will signal the completion of the fifty (50) seconds with a whistle or horn.

85.3 Scoring will be based on 60 - 80, with 70 denoting an average performance. The same basis of scoring will apply to both the reined work and the boxing work. In the event of a tie, the entry with the highest cow work will be declared the winner. The Judge may blow the whistle at any time to terminate the work. A score of zero (0) will be given if the work is not complete at that time. Each work will be limited to 50 seconds and, the Judge may request additional work at his/her option.

85.4 Credits

- maintaining control of the cow always
- maintaining proper position
- degree of difficulty
- eye appeal
- timed worked.

85.5 Penalties are to be assessed, per occurrence, as follows for the boxing/cow work:

1 point

- loss of working advantage
- working out of position.

3 points

- loss of control and cow leaves end of arena.

5 points

- spurring or hitting in front of cinch at anytime
- blatant disobedience defined as kicking, biting, bucking,

rearing, striking or obviously insubordinate.

Zero (0)

- turn tail
- using two (2) hands on the reins in a bridle or the two-rein
- fingers between the reins in a bridle class, except in the two-rein
- balking
- out of control
- bloody mouth (inside)
- illegal equipment
- leaving work area before pattern is complete
- fall of horse or rider
- schooling between rein work and cow work
- schooling between cows if new cow is awarded
- failure to quit working a cow after a new cow has been awarded.

86. CUTTING must be run under NCHA Rules. If a show holds both NCHA and AQHA Approved cutting classes, separate works must be held for each class. The scores earned in the NCHA Cutting cannot be used as the scores for the AQHA Cutting at the same show.

A calm obedient horse is required. The judge may ask for individual work-outs from the horses he/she has selected, or he/she may work the horses on the circle only.

Walk to be calm and regular, trot to steady with correct rhythm (rising), and the canter steady and on the correct lead.

87. HUNTER HACK

The purpose of Hunter Hack is to give horses an opportunity to show their expertise over low fences and on the flat. The class will be judged on style over fences, even hunting pace, flat work, manners, and way of going. The poll should be level with, or slightly above the withers, to allow proper impulsion behind. The head should not be carried behind the vertical, giving the appearance of intimidation, or be excessively nosed out, giving a restraint appearance.

- a) Horses are first required to jump two fences, 60cm to 85cm in height. Jumps do not have to be set on a line. However, if the jumps are set on a line they must be set 14.5 m or 18 m, or in increments of 3.5 m, but no less than 11 m. A ground line is recommended for each jump;
- b) Horses being considered for a placing are then to be shown at a walk, trot, and canter both ways of the ring with light contact;
- c) At the discretion of the judge, contestants can be asked to hand gallop, pull up and stand quietly following the last fence;
- d) When necessary to split large classes by running more than one go-round, finalists must both be re-jumped and reworked on the flat;
- e) Placing for the class will be determined by allowing a minimum of 70% for fence work and a maximum of 30% for work on the flat;

- f) Faults, to be scored accordingly but not necessarily cause disqualification during the rail work, include:
- being on wrong lead and/or wrong diagonal at the trot
 - excessive speed (any gait)
 - excessive slowness (any gait)
 - breaking gait
 - failure to take gait when called
 - head carried too low or too high
 - nosing out or flexing behind the vertical
 - opening mouth excessively
 - stumbling

87.1 Elimination:

- bolting from the arena
- off course
- deliberately addressing an obstacle.

87.2 General:

- a) Circling once upon entering the ring is permissible;
- b) After jumping the fence and prior to leaving the arena, the horse will trot a small circle on a loose rein for soundness;
- c) Horses will not be requested to re-jump the course, Exception 87.
- d) Manners are to be emphasised in Youth and Amateur/select classes;
- e) When an obstacle is composed of several elements, any disturbance of these elements will be penalised; however, only a reduction in height of the top element is to be considered a knockdown;
- f) In cases of broken equipment, the rider can either continue without penalty, or stop and correct the difficulty and be penalised the same as any loss of forward impulsion;
- g) When an obstacle requires two or more fences (in and out), faults committed at each obstacle are considered separately. In case of a refusal or run out at one element, entry may re-jump the previous elements.

87.3 Disobediences (major faults)

- a) **Refusal:** when a horse stops in front of an obstacle (whether or not the obstacle is knocked down or altered) it is a refusal unless the horse then immediately jumps the obstacle without backing one step. If the horse takes one step backwards, it is a refusal. After a refusal, if the horse is moved towards the obstacle but does not attempt to jump, it is considered another refusal;
- b) **Run-out:** A run-out occurs when the horse evades or passes the obstacle to be jumped; jumps an obstacle outside its limiting markers; or when the horse or rider knocks down a flag, standard, wing or other element limiting the obstacle (without obstacle being jumped);
- c) **Loss of forward movement:** Failure to maintain trot, canter or gallop after crossing starting line, except when it is a refusal, a run-out or when due to uncontrollable circumstances, such as when an obstacle is being reset;
- d) **Unnecessary circling on course:** any form of circle or circles, whereby the horse crosses its original track between two consecutive obstacles anywhere on course, except to retake obstacle after refusal or run-out;
- e) **First disobedience** anywhere on course: three (3) faults;
- f) **Second cumulative disobedience** anywhere on course: six (6) faults.

87.4 The course must be posted at least one (1) hour before scheduled time of class.

87.5 It is mandatory that a schooling area with at least one (1) practice jump is provided or once course is set in arena, exhibitors can practice over one (1) jump only as instructed.

87.6 Riders must wear an Approved Safety Helmet properly fitted and fastened with harness, as per Rule 80.4 in a Hunter Hack Class and whilst schooling over obstacles.

87.7 Riders must wear an approved safety helmet properly fitted and fastened with harness, as per Rule 80.4 in a Hunter Hack Class and whilst schooling over obstacles.

- c) At the judge's request, the horse will walk the small triangle ABCA. The horse will continue at a trot following the large triangle ADEA;
- d) At the completion of the judging, the handler will lead the horse away from the judging area promptly;
- e) When all horses in the class have completed the triangle, the Judge may request "ringing" (walking in a large group circle around the judge), they will then be lined up for judges to place;
- f) An exhibitor may show more than one (1) horse in a class on the triangle. In this case, a helper, correctly attired, may assist in bringing the horses back for ringing or final inspection.

88.4 Measurements: Outside triangle must be 20 metres each side; inside triangle must be 10 metres each side.

88.5 Scoring System: 70% movement; 20% conformation, 10% temperament.

pattern, but this will not constitute off-pattern or immediate disqualification.

89. HUNT SEAT EQUITATION Available only in Amateur, Select Amateur and Youth divisions.

89.1 Hunt Seat Equitation is an evaluation based on the ability of a rider to perform various manoeuvres in harmony with his/her horse. The communication between horse and rider through subtle cues and aids should not be obvious. Equitation is judged on the rider and his/her effect on the horse

89.2 Pattern – It is mandatory that the pattern be posted at least one (1) hour prior to commencement of the class.

The pattern should be designed so most exhibitors can perform it in a reasonable length of time (under 60 seconds). All patterns must include a trot, canter and back. Patterns used in classes for riders 13 and under will use manoeuvres from Rule 89.3.1 a) and/or b). Horses' gaits are to be ridden with the same cadence and speed as you would find in the rail phase. All ties will be broken at the discretion of the Judge.

89.3 Class Procedure:

- a) All exhibitors will enter the ring, line up as directed and then each exhibitor separately will complete the pattern; or
- b) Exhibitors will enter the ring from the gate one at a time and complete their pattern;
- c) A posted order is required regardless of procedure a) or b)
- d) Exhibitors are to be instructed to either leave the arena, fall into line, or fall into place on the rail after their work;
- e) The entire class, or only the finalists, may work at all three (3) gaits at least in one (1) direction of the arena. Rail work can be used to break ties and possibly adjust placing's.

89.3.1 Acceptable Manoeuvres

- a) Walk, Sitting Trot, Extended Trot, Posting Trot, Canter, Circles, Figure 8, Halt, Back, Side-pass, Address Reins, Demonstrate Change of Diagonal;
- b) Serpentine (Trot or Canter), Turn on Haunches or Forehand, Leg Yield, Flying or Simple Change of Lead. A turn on the forehand to the right is accomplished by moving haunches to the left. A forehand turn to the left is accomplished by moving haunches to the right;
- c) Canter and Hand Gallop in a straight or curved line, Counter Canter Figure 8, Drop or Pick-up Irons without stopping. If riders are asked to drop their irons, they can leave them down or cross them over the withers. Judges will not ask exhibitors to mount or dismount.

89.4 Basic Position.

- a) **To mount** take up reins in left hand and place hand on withers. Grasp stirrup leather with right hand and insert left foot in stirrup and mount. To dismount, rider can either step down or slide down. The size of rider must be taken into consideration;
- b) **Hands** should be over and in front of horse's withers, knuckles 30° inside the vertical, hands slightly apart and making a straight line from horse's mouth to rider's elbow. Method of holding reins is optional, and bite of reins may fall on either side. However, all reins must be picked up at the same time;
- c) **The Eyes** should be up and shoulders back. Toes should be at an angle best suited to rider's conformation; heels down, calf of leg in contact with horse. Iron should be on the ball of the foot and must
- d) **The Walk** should be a four-beat gait, with the rider in a vertical position with a following hand;
- e) **The Posting Trot** - Figure 8 at trot, demonstrating change of diagonals. At left diagonal, rider should be sitting the saddle when left front leg is on the ground; at right diagonal rider should be sitting the saddle when right front leg is on the ground. When circling clockwise at a trot, rider should be on left diagonal;

when circling counter-clockwise, rider should be on right diagonal.

The rider should close his/her hip angle to allow his/her torso to follow the horizontal motion of the horse. The upper body should be inclined about 20° in front of the vertical;

- f) **Sitting Trot and Canter** - At the sitting trot, the upper body is only slightly in front of the vertical. At the canter, the body should be positioned slightly more in front of the vertical. As the stride is shortened, the body should be in a slightly more erect position;
- g) **Two Point Position** - The pelvis should be forward, but relaxed, lifting the rider's weight off the horse's back and transferring the weight through the rider's legs. In this position the two points of contact between horse and rider are the rider's legs. Hands should be forward, up the neck, not resting on the neck;
- h) **Hand Gallop** is a three-beat lengthened canter ridden in two-point position. The legs are on the horse's sides while the seat is held out of the saddle. When at the hand gallop, the rider's angulation will vary somewhat as the horse's stride is shortened and lengthened. A good standard at a normal hand gallop should be about 30° in front of the vertical.

89.5 Scoring

Exhibitors are to be scored from 0 to infinity, with 70 denoting an average performance. Patterns will be divided into six (6) to ten (10) manoeuvres, as specified by the Judge, and each manoeuvre will be scored from +3 to -3 with ½ point increments acceptable that will be added or subtracted from 70. Manoeuvre scores should be determined independent of penalties, and should reflect equal consideration of both performance of the exhibitor's pattern and the form and effectiveness of the exhibitor and presentation of horse to result in the following scores:

+3 Excellent, +2 Very Good, +1 Good, 0 Average or Correct, -1 Poor, -2 Very Poor, -3 Extremely Poor.

Exhibitors overall form and effectiveness should also be scored from 0 to 5 with 0 to 2 Average, 3 Good, 4 Very Good, 5 Excellent.

- loss of rein
- missing a diagonal for more than two (2) strides
- use of either hand to instil fear or praise while on pattern or during rail work
- holding saddle with either hand
- blatant disobedience including kicking, pawing, bucking, and rearing.

90. HUNTER UNDER SADDLE

Hunter Under Saddle horses should be suitable to purpose. They should move with long, low strides reaching forward with ease and smoothness, be able to lengthen stride and cover ground with relaxed, free flowing movement. Horses should be obedient, have a bright expression with alert ears, and should respond willingly to the rider with light leg and hand contact.

Horses should be responsive and smooth in transition. When asked to extend the trot or hand gallop, they should move out with the same flowing motion.

The poll should be level with, or slightly above, the withers to allow proper impulsion behind. The head position should be slightly in front of, or on, the vertical.

Judging - This class will be judged on performance, condition, and conformation. Maximum credit will be given to the flowing, balanced, willing horse. A maximum of 20 percent of judging will be based on condition and conformation.

a) Horses to be:

- shown under saddle, not to jump
- shown at a walk, trot, and canter both ways of the ring
- reversed to the inside away from the rail
- b) Horses should back easily, stand quietly; and
- c) Horses can be asked to change to canter from the flatfooted walk or trot, at the judge's discretion.

90.1 Faults to be scored according to severity:

- quick, short, or vertical strides
- being on the wrong lead and/or wrong diagonal at the trot
- breaking gait
- excessive speed at any gait
- excessive slowness in any gait, loss of forward momentum
- failure to take the appropriate gait when called for
- head carried too high
- head carried too low - tip of the ear is below the withers for five or less strides
- over flexing or straining neck in head carriage so the nose is carried behind the vertical for five or less strides
- excessive nosing out
- failure to maintain light contact with horse's mouth
- stumbling
- if horse appears sullen, dull, lethargic, emaciated, drawn or overly tired
- consistently showing too far off the rail.

90.2 Faults which will be cause for disqualification:

- head carried too low such that poll is below the withers consistently
- over flexing or straining neck in head carriage so the nose is carried behind the vertical consistently.

90.3 At the option of the Judge, all or just the top twelve (12) horses may be required to hand gallop, one or both ways of the ring. Never more than twelve (12) horses to hand gallop at one time. At the hand gallop, the judge may ask the exhibitors to halt and stand quietly on a free rein (loosened rein).

91. LEAD LINE -Youth only three (3) to six (6) years of age

A lead at least 1.8 m long must be attached to a halter that is under the bridle so that while the rider is on the rail the horse is controlled by the adult.

The chain on the halter cannot be under the chin or over the nose, it must come straight off the halter ring.

No two (2) or three (3) year old horses can be used in this class. No rider entering this class can enter any other ridden class on the program.

Procedure:

- a) Class will enter the ring at a flat-footed walk turning right and proceeding on a counter-clockwise direction on the rail;
- b) The class will be worked on the rail at a walk in both directions;
- c) In the line-up the Judge may ask the exhibitor to back up their horses;
- d) The rider will be judged on their basic position in the saddle, hand positions, leg position, seat position and back position;
- e) The horse must be led and controlled by an adult who is over eighteen (18) years of age. If the judge asks the rider to back the horse in line up, the adult is not to aid the rider. The adult should only keep the horse under control;
- f) A saddle with suitable stirrup length must be used;
- g) It is mandatory for this class that an approved Safety Helmet is worn. Refer Rule 80.4;
- h) The rider can ride in Western or English attire in this class and attire must match the gear. Exception: Rule 91. g);
- i) The adult handler must be dressed in appropriate attire as per the Rule Book.

92. LUNGE LINE Yearlings and two (2) year old only

If a two (2) year old is exhibited in Lunge Line at a show it cannot be shown under saddle at the same show.

The purpose of showing a horse on a lunge line is to demonstrate that the horse has the movement, manners/expression/attitude, and conformation to become competitive under saddle.

This class defines what it means to be a "Western Pleasure prospect" or a "Hunter Under Saddle prospect."

Yearlings are not expected to demonstrate the behaviour or quality of a finished show horse, but only that performance necessary for a reasonable presentation to the Judge.

92.1 Therefore, the purpose of this class is to reward:

- quality of movement, manners, expression, and attitude
- conformation suitable to future performance and the horse is to be judged with its suitability as a future performer under saddle in mind.

92.2 Class Format - The class consists of two (2) sections and must be judged in the following order:

a) First Section

Conformation/Equipment Inspection – Each horse is to be inspected by the Judge on conformation, proper equipment and for evidence of abuse and inhumane treatment. Each exhibitor will walk into the arena to the Judge and halt for evaluation. Horses will then trot off straight and around a cone and take a place on the wall inside the arena. All entries will be inspected in this fashion and as the "trot-off" is administered, horses showing evidence of lameness will be excused from the class at that time;

b) Second Section Lunging Demonstration – The Judge will stand outside the lunging circle.

The lunging demonstration will begin at the sound of a whistle or other audible indicator when the horse has reached the perimeter of the circle. Time will not begin before the horse reaches this perimeter.

When the "begin" signal is given, the exhibitor will be allowed 1½ minutes to present the horse at all three (3) gaits in both directions. At the end of the 1½ minutes, the signal will be given to signify the end of the demonstration.

Show management has the option of adding a "half-way" signal if they choose. At the completion of their 1½ minutes the entry will retire from the lunging area and walk to the end of the arena. The horses are to stand quietly, on the wall, whilst the other exhibitors present their horses.

Exhibitors can begin work in the direction of their choice (counter or clockwise).

92.3 Equipment

- a) Horses are to be shown in a halter. Either a regular or show type halter is acceptable. (Rope halters are not acceptable) Exhibitors are not to be penalised for using a regular halter and plain lunge

line, nor are they to be rewarded for using a show halter and show lunge line;

- b) For the conformation inspection a lead shank, such as used in halter or showmanship classes, can be exchanged for the lunge line prior to the lunging demonstration;
- c) For the lunging demonstration, the only attachment allowed to the halter is the lunge line. Lead (leather, nylon, soft rope or mecate) is attached with a clip or leather strap to be fastened to the halter underneath the jaw of the horse. The use of a lunge whip is permissible;
- d) Minimum length of the lead to be six (6) metres and must not exceed nine (9) metres;
- e) The lunge line must hang free from the halter without touching any part of the horse;
- f) No other equipment is allowed on the horse during the class. Mechanical or retractable lunge lines are not permitted;
- g) Only movement, manners/expression/way of going and conformation are being judged.

92.4 Attire Conventional western attire is mandatory, unless showing as a Hunter prospect then conventional English attire will be required. The type of attire worn by the exhibitor is not to be a consideration in placing the horse if the attire meets the requirements stated above.

92.5 Gaits are to be judged according to the AQHA rules for Western Pleasure and Hunter Under Saddle.

92.6 An exhibitor can show more than one (1) horse in a class providing the same handler exhibits the horse in both parts as described in Rule 92.2 Class Format. Other than in the execution of Rule 92.2, the exhibitor must have a handler, correctly attired for this class to hold any additional exhibit in the ring while awaiting finalisation of the class.

92.7 Scoring - Movement will count for 34 points of the total score. Judges are to evaluate movement based on the gaits as stated in Rule 93.5

- a) **Walk** will be scored on a scale of 1 to 3 in each direction, with 2 being average. The horse must be walked long enough for the judge to have enough time to evaluate and score the walk. The change of direction turnaround at the walk may count for the second walk score on the official score sheet. Lower gait scores should reflect stumbling in the gait;
- b) **Jog or Trot** will be scored on a scale of 1 to 7 in each direction. Using a 7.5 m radius, the horse is to jog or trot a minimum of ½ circle both directions of the ring. Lower gait scores should reflect stumbling in the gait;
- c) **Lope or Canter** will be scored on a scale of 1 to 7 in each direction, with 10 being average. Using a 7.5 m radius, the horse is to lope or canter a minimum of one (1) full circle both directions of the ring. Furthermore, any entry that fails to demonstrate the correct lead for one (1) full circle will not place over another entry that has demonstrated the correct lead for one (1) full circle will not place over another entry that has demonstrated the correct lead in its entirety. Lower gait scores should reflect stumbling in the gait;
- d) **Use of Circle** - Scores for all gaits in both directions should reflect positive, consistent use of the radius of the circle. Extra credit will be given for full, extended use of the circle on a slightly loose line. Lower gait scores should reflect lack of full use of the circle.

92.7.1 Manners/Expression/Attitude will count for up to 14 points of the total score. Horses will be penalised for obvious signs of overwork and sourness such as ear-pinning, head-throwing, striking, tail wringing, or a dull, lethargic manner of going. Horses will also be penalised for dangerous behaviour such as excessive bucking, cutting into the circle, or running off. Additionally, incidental

touching the horse with the whip, cross-cantering, balking, backing up on the lunge line and excessive urging from the exhibitor will be penalised accordingly.

92.7.2 Conformation will count for up to 6 points of the total score, using a scale of 1 to 6. The horse will be judged on conformation suitable to future performance as a Western Pleasure or Hunter Under Saddle competitor. The judges are to look for a total picture, emphasizing balance, structural correctness, and athletic capability.

92.7.3 Use of the circle – overall score

Consideration will be given to how well or how poorly the horse/exhibitor team uses the 7.5 m radius of the lunging circle. A separate box on the scorecard is available to indicate an overall score, from 1 to 3 points, for use of the circle.

92.7.4 Circle Scores

It is the Judge's responsibility to evaluate the circles and incorporate use of the circle in the gait scores based on the following scale:

3 points Good to Excellent Use of the Circle

- horse consistently stays on the perimeter of the circle with slight looseness in the line. Horse turns around on the circle perimeter

2 points Average use of the circle

- horse is only slightly inconsistent in using the 7.5 m radius of the circle

1-point Adequate use of the circle

- horse is shown in a circle radius of less than 7.5 m

0 points General use of the circle

- potentially dangerous slack in the line
- horse pulls exhibitor out of the circle.

92.7.5 Penalties

5-point penalty per direction:

- failure to walk a minimum of two (2) horse lengths
- failure to jog/trot a minimum of a quarter of a circle
- failure to demonstrate the correct lead, for a minimum of a quarter of a circle

Disqualification DQ: Evidence of lameness the Judge will immediately excuse horse from the arena.

- blatant striking horse with the whip during the lunging demonstration that will cause forward or lateral movement
- fall to the ground by horse. A horse is deemed to have fallen when its shoulder and/or hip and/or underline touches the ground
- horse steps over or becomes entangled in the lunge line
- improper equipment, evidence of abuse, or other violation of AQHA rules
- failure to show at all three gaits in both directions
- exhibitor shows disrespect towards the Judge
- anytime the horse becomes detached from the handler
- failure to complete trot off for soundness in three attempts

93. PLEASURE DRIVING

A pleasure driving horse should carry himself in a natural balanced position with a relaxed head and neck. His poll should be level with, or slightly above the level of the withers.

The exhibitor will be the only person permitted in such cart while the horse is being exhibited, and no pets will be allowed in such cart during such exhibition.

The cart will be a pleasure type two-wheel single horse cart with seats for one (1) or two (2) persons. All carts must be basket-type, equipped with 60cm to 120cm cartwheels. Stirrup-type carts or sulkies are not allowed. Dash and basket cover optional.

- a) Maximum credit is to be given to a horse that moves straight, with free movement, manners, and a bright expression;
- b) The horse will be severely penalised if he carries his head behind the vertical, is over flexed, excessively nosed out, the poll is below the withers or exhibits lack of control by exhibitor;
- c) This class will be judged 80% on the horse's performance and suitability for assuring a pleasurable drive, with a maximum of 20% on condition and conformation;

- d) Horses must be shown with standard hooves and shoes. No extended hoofs, heavy shoes or toe weights allowed;
- e) Horses are to enter the ring in the same direction. Each horse will then be exhibited at the walk, park gait and road gait in both directions of the show ring. At the direction of the ring steward, such change of direction is to be accomplished by the horses crossing the show ring while walking only;
- f) Each horse will also be required to back easily and straight and stand quietly;
- g) No exhibitor will drive a horse while standing in the cart, either in the arena or warm-up area, nor will any horse be left unbridled or unattended while hooked to a cart.

Park gait is a forward, free flowing, square trot with impulsion. Loss of forward, rhythmic movement or jogging will be penalised. Road gait is an extended trot showing a definite lengthening of stride, with a noticeable difference in speed. Short, quick, animated strides and/or excessive speed will be penalised.

93.1.4 Attire: The exhibitor is to be neatly attired. A coat, tie and hat of choice may be worn. If female exhibitor is attired in a short dress, a lap robe is required. Exhibitor may wear rainwear or inclement weather apparel if weather conditions require.

94. RANCH RIDING

94.1 The purpose of the Ranch Riding horse is to reflect the versatility, attitude, and movement of a working horse. The horse's performance is to simulate a horse riding outside the confines of an arena and that of a working ranch horse. This class will show the horse's ability to work at a forward, working speed while under control by the rider. Light contact will be rewarded, and the horse will not be shown on a full drape of reins.

The overall manners and the horse's quality of movement are the primary considerations.

94.2 Only horses three (3) years of age and older can be exhibited.

94.3 No horse can cross enter, a Western Pleasure and Ranch Riding class at the same show regardless of division (Youth, Amateur, Select or Open).

94.4 Class Requirements

- a) Each horse will work individually performing required and optional manoeuvres, and will be scored based on 0 to 100, with

- 70 denoting an average performance;
- b) Each manoeuvre will receive a score that should be added or subtracted, and scored on the following basis:
Excellent +1½; Very Good +1; Good +½; Correct 0; Poor -½, Very poor -1, Extremely poor -1½;

- d) Three (3) optional manoeuvres may include a side pass, turns of 360° or more, change of lead (simple or flying), walk, trot or lope over a pole(s), or some reasonable combination of manoeuvres that would be reasonable for a ranch horse to perform;
- e) The manoeuvres may be arranged in various combinations with final approval by the Judge;
- f) The overall cadence and performance of the gaits should be as those described in Gaits, Rules 83.5 to 83.10, with an emphasis on forward movement, free-flowing, and ground covering for all gaits. Transitions should be performed where designated, with smoothness and responsiveness;

94.6 Attire: Refer to Rule 83.4

94.7 Equipment

- no hoof polish

95. REINING

To rein a horse is not only to guide him, but also to control his every movement. The best reined horse should be wilfully guided or controlled with little or no apparent resistance and dictated to completely. Any movement on his own must be considered a lack of control. All deviations from the exact written pattern must be considered a lack of or temporary loss of control, and therefore faulted according to severity of deviation. Credit will be given for smoothness, finesse, attitude, quickness, and authority in performing the various manoeuvres while using controlled speed. A show may have up to three (3) approved reining classes.

- a) No horse can be entered in both junior bit and Hackamore/Snaffle bit reining classes at the same Show;

95.10 Tie breaker, for first place only, as per NRHA rules.

96. RIDERS WITH DISABILITIES

To provide Show Management with the option to include Equestrians with Disabilities competition, the Australian Paint Horse Association (PHAA) has adopted these rules and provided an awards system for participants.

In doing so, PHAA does not assume responsibility for safety of participants. Since it is Show Management which conducts these classes and controls both the physical facility and all aspects of the classes, responsibility for participant's safety remains solely with Show Management.

At any time in this section of the Rule Book where a handler is mentioned that handler is optional and if a handler is used then they

must be dressed appropriately being western style pants/jeans, enclosed safe shoes, shirt with sleeves and a western hat.

The Judge can set their own patterns for these classes but must keep in mind the limitations of the exhibitors. E.g. No picking up objects, no dismounting.

96.1 In the case of adult participants, each participant assumes all risk of personal injury or property damage and releases and discharges PHAA, PHAA Affiliates and Show Management, their respective Officers, Directors, representatives, and employees, from any and all liability, whenever or however arising, as to personal injury or property damage occurring as a result of participation in these classes, except for the negligent act or omission, if any, of said indemnities.

If the participant is a minor, the parent or guardian, by allowing participation, assumes all risk of personal injury or property damage occurring as a result of the participation and does hereby release and discharge PHAA and Show Management, their respective Officers, Directors, representatives, and employees from any and all liability, whenever or however arising, from such participation, except for the negligent act or omission, if any, of an indemnity.

Further, as parent or legal guardian, they agree to indemnify and hold harmless PHAA and Show Management from such liability to the minor.

a) Each participant, and if a minor, the consenting parent or guardian, authorises the use of any picture, still or video which may be taken in conjunction with the exhibitor's participation in these equestrians with disabilities classes for PHAA's official uses;

b) Only horses registered with the PHAA or registered with a relevant breed society are eligible to participate in these classes. Only geldings or mares can be shown;

Competitors from other recognised breed organisations must have Equestrian with Disabilities endorsement from their breed. That every five (5) years an exhibitor must re-apply for a permit;

96.6.4 Course Safety of riders is to be the first consideration in setting up the course. The course should be attractive with readily recognised obstacles. Enough space is to be allowed between obstacles. Obstacles are as per Rule 99. Judges can set their own patterns but must keep in mind the limitations of the riders.

96.7 Showmanship at Halter

The following points have equal consideration in judging the class:

- exhibitor's poise
- exhibitor's hands
- use of aids
- ability to follow directions and instructions
- ring etiquette and safety
- sportsmanlike conduct
- results as shown by the performance of the horse are not to be considered more important than the manner used in obtaining them

Good points for exhibiting in a Showmanship class, refer to Showmanship Rule 97.

96.7.1 Equipment and Attire

Appropriate western attire must be worn. Exhibitor can wear an approved safety helmet properly fitted and fastened with harness as per Rule 80.4 or a Western hat.

The halter must be of leather and may be adorned with silver accents. The lead must be made of leather with a chain for attachment to halter. The chain on the lead may be under the chin or over the nose. Lip chains/cords of any type are not permitted. No equipment is allowed that would in any way attach the exhibitor to the horse or halter.

96.7.3 Scoring As per Showmanship at Halter. Refer Rule 97.

97. SHOWMANSHIP AT HALTER

Available only in the Amateur/Select and Youth divisions.

The Showmanship class will be judged strictly on the exhibitor's ability to fit and show a horse at halter. The horse is merely a prop to demonstrate the ability and preparation of the exhibitor.

The ideal showmanship performance consists of a poised, confident, neatly attired exhibitor leading a well-groomed and conditioned horse that quickly and efficiently performs the requested pattern with promptness, smoothness, and precision. The showmanship class is not another halter class and is not to be judged as such.

The horse should be set up quickly with the feet squarely underneath the body. The exhibitor does not have to reset a horse that stops square.

97.1 It is mandatory that the Judge post the pattern(s) to be worked at least one (1) hour prior to the commencement of the class. Pattern(s) are to be designed to test the showman's ability to

effectively present a horse to the Judge. All ties will be broken at the Judge's discretion.

97.2 Class Procedures

- All exhibitors may enter the ring, line up as directed and then each exhibitor separately will complete the pattern; or
- Exhibitors may enter the ring from the gate one at a time and complete their pattern;
- A posted order is required regardless of procedure a) or b)
- Exhibitors are to be instructed to either leave the arena or fall into line as directed.

97.2.1 Acceptable Manoeuvres

- Lead the horse at a walk, jog, trot, or extended trot, or back in a straight or curved line, or a combination of straight and curved lines;
- Stop; and turn 90° (1/4), 180° (1/2), 270° (3/4), 360° (full turn) or any combination or multiple of these turns. On turns of greater than 90°, the ideal turn consists of the horse pivoting on the right hind leg while stepping across and in front of the right front leg with the left front leg;
- An exhibitor should not be penalised if their horse performs a pivot on the left hind leg, but an exhibitor whose horse performs the pivot correctly should receive more credit.
The Judge must have exhibitors set the horse up squarely for inspection sometime during the class.

97.2.2 Unacceptable Manoeuvre

A pull turn to the left is an unacceptable manoeuvre.

97.3 Equipment

- The halter must be of leather and may be adorned with silver accents. The lead must be made of leather with a chain for attachment to halter. The chain on the lead may be under the chin or over the nose;
- Lip chains/cords of any type are not permitted;
- Stallions one (1) year of age and older can be shown with a lip cord in open and amateur divisions;
- The following horses cannot be shown with any cord or device through the mouth which includes lip chains or lip cords:
 - mares, geldings, weanling colts
 - any horse shown in a Performance Halter or a Versatility Ranch conformation class
- Applying excessive pressure on or excessive jerking of an allowed lip cord is prohibited.

97.4 Appearance and Position of Exhibitor

Appropriate western attire must be worn. Clothes and person are to be neat and clean. The use of any type of artificial aid including, but not limited to lighters, hay, dirt, sharp pins, etc. will be considered a disqualification.

Exhibitors should be poised, confident, courteous, and genuinely sportsmanlike always, quickly recognising, and correcting faults in the positioning of the horse. The exhibitor should continue showing the horse until the class has been placed or they have been excused, unless otherwise instructed by the judge. The exhibitor should appear business-like, stand and move in a straight, natural, and upright manner, and avoid excessive, unnatural, or animated body positions.

The exhibitor must lead on the horse's left side holding the lead shank in the right hand near the halter with the tail of the lead loosely coiled in the left hand unless requested by the judge to show the horse's teeth.

The excess lead should never be tightly coiled, rolled, or folded. When leading, the exhibitor should be positioned between the eye and the mid-point of the horse's neck, referred to as the leading position.

Both arms should be bent at the elbow with the elbows held close to the exhibitor's side and the forearms held in a natural position.

Height of the arms may vary depending on the size of the horse and

exhibitor, but the arms should never be held straight out with the elbows locked.

The position of the exhibitor when executing a turn to the right is the same as the leading position except that the exhibitor should turn and face toward the horse's head and have the horse move away from them to the right.

When executing a back, the exhibitor should turn from the leading position to face toward the rear of the horse with the right hand extended across the exhibitor's chest and walk forward beside the horse with the horse moving backward.

When setting the horse up for inspection, the exhibitor should stand angled toward the horse in a position between the horse's eye and muzzle and should never leave the head of the horse. The exhibitor is required to use the Quarter Method when presenting the horse.

The exhibitor should maintain a position that is safe for themselves and the judge. The position of the exhibitor should not obstruct the Judge's view of the horse and should always allow the exhibitor to maintain awareness of the Judge's position. The exhibitor should not crowd other exhibitors when setting up, side-by-side or head-to-tail. When moving around the horse, the exhibitor should change sides in front of the horse with minimal steps and should assume the same position on the right side of the horse that they had on the left side.

Leading, backing, turning, and initiating the set up should be performed from the left side of the horse. At no time should the exhibitor ever stand directly in front of the horse. The exhibitor should not touch the horse with their hands or feet, or visibly cue the horse by pointing their feet at the horse during the set up.

97.5 Appearance of Horse

The horse's body condition and overall fitness will be assessed. The hair coat should be clean, well-brushed, and in good condition. The mane, tail, forelock, and wither tuft may not contain ornaments (ribbons, bows, etc.), but may be braided or banded for English or Western. The length of mane and tail may vary, if they are neat, clean, and free of tangles. The mane should be even in length or may be roached, but the forelock must be left unclipped. The bridle path, eyebrows, and long hair on the head and legs may be clipped, except where government regulations prohibit.

Hooves should be properly trimmed and if shod, the shoes should fit correctly, and clinches should be neat. Hooves must be clean and may be painted black or with hoof dressings or shown naturally. Tack should fit properly and be neat, clean and in good repair.

97.6 Scoring: Exhibitors are to be scored from 0 to infinity, with 70 denoting an average performance. Patterns will be divided into six (6) to ten (10) manoeuvres, as specified by the judge, and each manoeuvre will be scored from +3 to -3 with ½ point increments acceptable that will be added or subtracted from 70. Manoeuvre scores should be determined independent of penalties, and should reflect equal consideration of both performance of the exhibitor's pattern and the form and effectiveness of the exhibitor and presentation of horse to result in the following scores:

+3 Excellent, +2 Very Good, +1 Good, 0 Average or Correct, -1 Poor, -2 Very Poor, -3 Extremely Poor.

Exhibitors overall form and effectiveness should also be scored from 0 to 5 with 0 to 2 Average, 3 Good, 4 Very Good, 5 Excellent.

Any approved bit can be used irrespective of the age of the horse, any rawhide bosal, mechanical Hackamore, or other types of bridles is the optional choice of the contestant. However, mechanical Hackamore nosepieces must be covered in leather and cannot have visible or bare metal in contact with the horse's head. The Judge or Steward may prohibit the use of any bit of equipment they consider inhumane or would tend to give a horse/rider an unfair advantage.

Bonnets (tie-down that goes over the poll and/or across the forehead) made of rope, flat nylon webbing or leather only (minimum 9.5mm diameter) are permitted.

Martingales and draw reins are permitted, however martingales used with curb bits must have rein stops. Draw reins may not be attached between or around the front legs.

The hat must be on the rider's head when the exhibitor enters the arena. Spurs and chaps are optional. Exception refer Rule 80.4.1.

98.1 Barrel

Exhibitors race against the clock, following a course consisting of three (3) barrels in a triangular "cloverleaf" pattern. Contestants must choose either the right or left barrel, circle it, and go to the next barrel, completing the course after circling the third barrel and running home.

- a) The contestant is allowed a running start. At a signal from the starter, the contestant will run to barrel number 1, pass to the left of it, and complete an approximately 360° turn around it; then go to barrel number 2, pass to the right of it, and complete a slightly more than 360° turn around it; then go to barrel number 3, pass to the right of it, and do another approximately 360° turn around it; then sprint to the finish line, passing between barrel number 1 and 2. This barrel course can also be run to the left. For example, the contestants will start to barrel number 2, turning to left around this barrel, then to barrel number 1, turning to the right, then to barrel number 3, turning again to the right, followed by the final sprint to the finish line;
- b) Knocking over a barrel carries a five-second (5) penalty;
- c) Failure to follow the course will cause disqualification;
- d) A contestant may touch the barrel with his or her hands in barrel racing;
- e) It is recommended that drags be conducted before the start of a barrel race and after every seven head. Show Management may drag more frequently;
- f) A contestant can only use a whip, rope, crop, bat, or reins anywhere on the horse twice between 1st & 2nd barrel, twice between 2nd & 3rd barrel and four times on the way home;
- g) Course must be measured exactly according to pattern and cannot exceed these dimensions. However, if the course is too large for the available space, the pattern is to be reduced 4.5 m at a time until the pattern fits the arena. Adequate space must remain between barrels and any obstacle. The distance from barrel number three to the finish line need not be reduced 4.6 m at a time if there is enough room for the horse to stop. When measuring the area for the barrel course, allow ample \ room for horses to complete their turns and stop at the finish. It is recommended there be at least 13.5 m from the starting line to the end of the arena, at least 5.4 m from barrels 1 and 2 to the fence and 10.8 m from barrel 3 to the end of the arena;
- h) Brightly coloured 200 litre steel drums with both ends in must be used;

- b) The contestant is allowed a running start and may begin his run from either the left or right side of the first pole. Start by crossing the centre line between the upright markers, turn around the second pole, cross over the centre line again between the markers, then around the first pole and run back across the finish line;
- c) The start and finish line are 6 m wide and marked by two upright markers 3 m on each side of the centre line and short enough to not interfere with the timer if one is used. (Short pylons or cones are recommended.)] The first and second poles marking the centre line are each 12 m from the start and finish line, making them a total of 24 m apart;
- d) A five-second (5) penalty will be assessed if the hat or helmet is not on the exhibitor's person for the entire time the exhibitor is in the arena in Stake Racing;
- e) Failure of a contestant to cross the start and finish line between the markers will result in no time;
- f) Failure of contestant to cross over the centre line between the markers before turning the second pole and cross back over the centre line after turning the second pole will result in no time;
- g) If an upright marker or pole is knocked down, it will result in no time.

98.3 Pole Bending

- a) Each contestant will begin from a running start, and time will begin and end as the horse's nose crosses the line. A clearly visible starting line must be provided. An electric timer or at least two (2) watches will be used, with the time indicated by the

electric timer or the average time of the watches used by official timers to be the official time;

- b) The pole bending pattern is to be run around six (6) poles. Each pole is to be 6.4 m apart, the first pole is to be 6.4 m from the starting line. Poles will be set on top of the ground, 1.8 m in height, with no base more than 35cm in diameter;

- e) A five-second (5) penalty will be assessed if the hat or helmet is not on the exhibitor's person for the entire time the exhibitor is in the arena in pole bending;
- f) The Judge, at his/her discretion, may disqualify a contestant for excessive use of a bat, crop, whip, or rope in front of the cinch.

- a) A lane 12 m long and 1.2 m wide is marked with whiting, make a circle 6 m in diameter on one end of the lane;
- b) The starting line is at the end of the lane opposite the circle. Another line is made 6 m before reaching the starting line;
- c) This is a timed event and time starts at the starting line entering the lane;
- d) The rider must have his horse inside the back line and the horse must stop his forward motion before starting the race;
- e) The rider has 6m to start the horse before time begins, at the entry of the lane;
- f) Competitor rides down the lane turning inside the circle and returning down the lane;
- g) Time starts and stops upon entering and leaving the lane;
- h) Rider will be disqualified if a horse steps on or over the line;
- i) If a horse steps back across the first line, an additional stop of his forward motion will be required in the 6 m zone;
- j) After the original crossing of the first line, 30 seconds will be allowed to enter the lane;
- k) Three (3) Judges will be used;
- l) The 6m line is to create a 6 m zone and does not have to be drawn all the way across the arena. The rider may enter the zone at any place;

99. TRAIL

Trail classes will be judged on the performance of the horse over a minimum of six (6) obstacles, with emphasis on manners, response to the rider/handler, attitude, and quality of movement. Credit will be given to horses negotiating the obstacles with style and some degree of speed, providing correctness is not sacrificed.

99.1 Course must be designed to require each horse to show the required gaits somewhere between obstacles as a part of its work, quality of movement and cadence and will be considered as part of the manoeuvre score. Horses will not be worked on the rail.

Management, when setting courses, are to keep in mind that the idea is not to trap a horse or eliminate it by making an obstacle too difficult. All courses and obstacles are to be constructed with safety in mind to eliminate any accidents. If difficult courses are set, junior trail is to be less difficult.

If disrupted, the course will be reset after each horse has worked. In the case that a combination of obstacles is used, the course cannot be reset until the contestant finishes the entire course regardless of where any disruption occurs.

The trail course must be posted at least one (1) hour before scheduled starting time of the class.

99.2 Attire

It is mandatory for exhibitor to wear appropriate western attire, including western pants/jeans, a shirt with long sleeves and a collar, western hat and western boots.

99.3 Horse Equipment

Lead (leather, nylon, soft rope or mecate) attached with clip or leather strap to be fastened to the halter underneath the jaw of the horse. A chain can be used under the jaw and must be attached to the lead. Minimum length of the lead three (3) m and must not exceed nine (9) m. Roller or similar objects to keep the head under control and wrapping either soft or rigid on the halter are prohibited.

Prohibited Equipment for all trails as per Rule 83.3.

99.4 Judge must walk the course and has the right and duty to alter the course in any manner. The Judge may remove or change any obstacle they deem unsafe or non-negotiable. If at any time a trail obstacle is deemed to be unsafe by the Judge, it will be repaired or removed from the course. If it cannot be repaired and horses have completed the course, the score for that obstacle will be deducted from all previous works for that class.

99.5 Tie If a tie occurs for first place then it will be decided upon by obstacle tie breakers. Ties in minor placings will not be broken.

99.6.1 Obstacle scores are to be determined, assessed independently of penalty points. Horses are to receive credit for showing attentiveness to the obstacles and the capability of picking their own way through the course when obstacles warrant it, and willingly responding to the rider/handler's cues on more difficult obstacles.

Each obstacle will be scored on the following basis, ranging from plus 1.5 to minus 1.5.

-1.5 extremely poor, -1 very poor, -.5 poor, 0 correct, +.5 good, +1 very good, +1.5 excellent.

Led Trail - The Judge will give credit to the handler that does not enter an obstacle with the horse.

- head carried too high
- head carried too low and/or clearly behind the vertical excessively and consistently while the horse is in motion, or otherwise showing the appearance of intimidation

- physically pushing, or hitting horse with lead line or any object (Led Trail).

99.8 Obstacles

Use obstacles that do not endanger the horse or exhibitor. Measuring - When the distances and spaces are measured between all obstacles, the inside base to inside base measurement of each obstacle, considering the normal path of the horse, will be the measuring point. Enough space must be provided for a horse to jog at least 9m and lope (Ridden trail) at least 15m, for the Judges to evaluate these gaits.

99.8.1 Led Trail

- back through and around at least three (3) markers
- back through an L, V, U, straight, or similar shaped course. May be elevated no more than 60cm.

Optional Obstacles, but not limited to:

- water hazard (ditch or small pond). no metal or slick bottom-boxes will be used

- dismounting, ground ties (ridden trail).

100. WALK JOG/TROT – Youth only 5 to 10 years as at 1 August. These classes are designed for the very inexperienced competitor who is capable of riding without assistance of an adult leading them. Most of these youngsters are just beginning to compete in youth classes and may not be capable of riding with more experienced contestants.

These classes can be held at “A” and “AA” approved shows. It is mandatory that show management designate two (2) adults (other than Judge & Ring Steward) to be in the arena during the class to help any contestant who might need assistance. The two (2) adults are to be stationed to avoid disrupting class.

- a) If the rider is riding two (2) handed then the horse must be in a Snaffle (regardless of horses age);
- b) No two (2) or three (3) year old horses can be used in any Youth Walk & Jog/Trot classes;
- c) Equipment/gear and apparel must be used/worn according to the type of class contested (Western or English) Exception: It is mandatory for the rider to wear an Approved Safety Helmet. Refer Rule 80.4;
- d) When riding in a western saddle it must have fenders of a suitable length and English saddle stirrups are to be a suitable length. Buddy stirrups are acceptable;
- e) The contestant will be judged on his ability to govern, control, and properly exhibit the horse they are riding;
- f) If the Judge feels that the ability of the contestant's merits, he may request the contestants to extend the jog or trot;
- g) No rider entering any of the classes listed below can enter any other ridden class on the program.

100.1 Classes offered:

- Youth Walk and Jog Western Pleasure
- Youth Walk and Jog Western Horsemanship
- Youth Walk and Jog Trail
- Youth Walk and Trot Hunter Under Saddle
- Youth Walk and Trot Hunt Seat Equitation

a) Western Pleasure and Hunter Under Saddle

The classes will be worked at a walk and trot/jog both directions of the ring.

In the line-up the Judge may ask the riders to back their horses.

b) Western Horsemanship, Trail, Hunt Seat Equitation

Judges are to be mindful of the age and limitations of the riders when setting patterns.

A Walk and Trot or Walk and Jog must be included in these patterns accordingly. Trail obstacles – Refer Rule 99

101. VERSATILITY RANCH HORSE SHOW

General information for all Versatility Ranch Classes

The Versatility Ranch Horse demonstrates the performance, versatility, and conformation of the Australian Quarter Horse as a working horse. The intent is to reward an exhibitor and/or horse based on their level of expertise.

Refer to Rule 46.2 for divisions and show approval requirements

101.1 Class Participation

- a) No horse under 3 years of age may be exhibited;
- b) No hoof polish/black;
- c) No braided or banded manes/tails or tail extensions;
- d) Trimming inside ears is discouraged. Trimming bridle path is allowed, also trimming of fetlocks or excessive (long) facial hair;
- e) Equipment with silver should not count over a good working outfit. Silver on bridles and saddles is discouraged;
- f) Holding the saddle horn with either hand will not be penalised in any class;
- g) Posting or standing in stirrups at extended trot is acceptable;
- h) Snaffle Bit may be used on Junior horses in all classes except Open competitors attempting the Roping section of Ranch Cow Work;
- i) Bosal or Mecate may be used on Junior horses in all classes except Open competitors attempting the Roping section of Ranch Cow Work;
- j) The use of two-rein is only allowed in Ranch Reining, Ranch Cow Work and Limited Ranch Cow Work.

101.1.1 Tie Breaker - Specific manoeuvres and/or obstacles will be selected by Judge prior to start of the class and so noted on score sheets, these manoeuvres will be ranked as first tie breaker, second, third etc.

101.1.2 Fall by a Horse or Rider the run will end when the horse or rider fall to the ground.

101.1.3 Equipment failure that delays competition and/or becomes unsafe, the run is stopped, and the exhibitor will be given credit for what they have accomplished prior to that point but cannot place above other exhibitors who complete the pattern correctly and will be considered off pattern.

101.1.4 Scoring Except for the Conformation class, each exhibitor is scored between 0-100 points and automatically begins the run with a score of 70 points. The exhibitor is scored on the quality of each manoeuvre:

-1 ½ extremely poor, -1 very poor, - ½ poor, 0 correct,

+ ½ Good, +1 very good, +1 ½ excellent

Pluses and minuses reflect the smoothness, finesse, attitude, quickness, and authority of the exhibitor when performing the various manoeuvres.

Penalties may be accrued for incorrect manoeuvre execution.

101.2 Versatility Ranch Pleasure

The purpose of the Ranch Pleasure class is to measure the ability of the horse to be a pleasure to ride while being used as a means of conveyance from performing one property horse task to another. The horse should reflect the versatility, attitude, and movement of a working horse riding outside the confines of an arena. The horse should be well-trained, relaxed, quiet, soft, and cadenced at all gaits. The ideal ranch horse will travel with forward movement and

demonstrate an obvious lengthening of stride at extended gaits. The horse is to be ridden with light contact or on a relatively loose rein without requiring undue restraint, but not shown on a full drape of reins. The overall manners and responsiveness of the Ranch Pleasure horse to make timely transitions in a smooth and correct manner, as well as the quality of the movement are of primary considerations. The ideal Ranch Pleasure horse should have a natural head carriage at each gait.

a) Horses will be shown individually, and the class may be conducted inside or outside of an arena. The pattern may be started either to the right or left direction. Show Management has the option to set markers to designate gait changes. If the class is held inside an arena, the course shall be set up to make approximately one pass of the arena in each direction. Any one of the three (3) AQHA Versatility Ranch Pleasure patterns may be used or the Judge can provide another pattern if all elements of the class are fulfilled as follows:

- horses will be shown at three (3) gaits; walk, trot and lope in each direction of the arena.
- horses will also be asked to reverse, stop and back.
- The Judge must ask for an extended trot and extended lope at least one direction of the ring.

b) **Credits and Penalties** - Part of the evaluation of this class is on smoothness of transitions. A horse may be collected from the extended trot as the horse moves into the lope. The transition from the extended lope down to the trot is a transition to the seated trot not the extended trot. Therefore, an extra cue to achieve this gait is expected. Horses that complete this total transition within three (3) strides calmly and obediently should be rewarded. Horses that attempt to stop or do stop prior to trotting will be penalised. Judges expect to see horses that have been trained to respond to cues. To see these cues applied discretely and the horse responding correctly could be a credit-earning situation;

c) **Penalties will be assessed as follows:**

1 Point

- over-bridled (per manoeuvre).
- out of frame (per manoeuvre).
- too slow.
- break of gait at walk or trot for two (2) strides or less.

3 Points

- wrong lead or out of lead.
- draped reins.
- break of gait at lope, except when correcting an incorrect lead.
- break of gait at walk or trot for more than two (2) strides.
- out of lead or cross-cantering more than two (2) strides when changing leads.
- trotting more than three strides when making a simple lead change

5 Points

- spurring in front of cinch.
- blatant disobedience.
- use of either hand to instil fear/praise.

10 points

- unnatural ranch horse appearance (horse's tail is obvious and consistently carried in an unnatural manner in every manoeuvre).

Off-Pattern (OP)

Exhibitors cannot place above others who complete pattern correctly.

- repeated blatant disobedience.
- breaking pattern.
- incomplete manoeuvre.
- eliminating or adding manoeuvres.
- use of two hands (except Junior horses shown in a Snaffle bit/Hackamore).
- more than one finger between split reins or any fingers between romal reins (except in the two-rein).

Disqualification (DQ)

- lameness

- abuse
- illegal equipment, improper western attire
- disrespect or misconduct
- leaving working area before pattern is complete
- fall of horse/rider.

101.3 Versatility Ranch Trail

A Versatility Ranch Trail class should test the horse's ability to cope with situations encountered while being ridden through a pattern of obstacles generally found during everyday property work. The horse/rider team is judged on correctness, efficiency, and pattern accuracy with which the obstacles are negotiated, and the attitude and mannerisms exhibited by the horse. Judging emphasis is on identifying the well-broke, responsive, and well-mannered horse which can correctly navigate and negotiate the course.

101.3.1 Course

The Versatility Ranch Trail course will include no less than six (6) and no more than nine (9) obstacles. It is mandatory that the horse be asked to walk, trot and lope during the course.

Walk can be part of obstacle score or be scored with the approaching obstacle.

Trot must be at least 12m and score with approaching obstacle.

Lope The lope must be lead-specific, at least 17m and score with approaching obstacle.

Care must be exercised to avoid setting up any obstacles that may be hazardous to the horse or rider.

Setting Courses

When setting courses, Judge/Management will be mindful that the idea is not to trap an exhibitor or eliminate them by making an obstacle too difficult. All courses and obstacles are to be constructed with safety in mind to reduce the risk for accidents. Show Committee/Judge shall have the option of setting up the trail course to best fit the arena conditions. An outdoor course is recommended if appropriate terrain is available. Each single-performance class can be time consuming, especially with large classes, so it is imperative that time restrictions are placed on this class. The Show Committee/Judge, either through a pilot run or estimation, shall select a course that has a continuous and positive flow that can be negotiated in four (4) minutes or less. The course must be designed using the mandatory obstacles and manoeuvres plus optional obstacles. Combining two or more of the obstacles is acceptable.

101.3.2 Mandatory Obstacles and/or Manoeuvres

a) Ride over logs on the ground

- the formation of the logs will be a straight line, curve or zig zag and can be raised to a height of no more than 30cm.
- walk, trot or lope may be used but only one gait is required.
- a maximum of five (5) logs to be used, with a maximum height of 25cm with spacing being:

Walkovers - between 66cm to 76cm

Trot overs - between 91cm to 107cm

Lope overs - between 183cm to 213cm;

b) **Gate Opening**, passing through and closing a hinged swinging gate (not a rope gate). Use gate that will not endanger horse or rider and requires minimum side-passing;

c) **Bridge** to be sturdy, safe, and negotiated at a walk only. Heavy plywood lying flat on the ground is an acceptable simulation of a bridge. Suggested minimum width shall be 91cm wide and at least 183cm long;

d) **Backing** an L, V, U or zig zag shape or in a straight line. Obstacles are to be spaced at a minimum width of 71cm and if elevated, maximum height must be 61cm;

e) **Side-pass** any object which is safe and of any length may be used to demonstrate responsiveness of the horse to leg signals. Raised side pass obstacles should not exceed 30cm;

f) **Drag an object** – For Open and Amateur divisions only. Drag may be a complete figure of eight and may begin in either

direction. The exhibitor must have the rope dallyed on the saddle horn (half or full dally) for the duration of the drag.

101.3.3 Optional Obstacles

Optional obstacles may be used provided the obstacles can be found in everyday ranch work. Optional obstacles from which selections can be made are:

- a jump obstacle whose centre height is not less than 35cm or more than 63cm high. Holding the saddle horn is permissible for this obstacle
- only live or stuffed animals which would normally be encountered in an outdoor setting may be used but not to be used to spook a horse
- carry object from one part of the arena to another
- remove and replace materials from a mailbox
- trot through cones spaced a minimum of 183cm apart
- cross natural ditches or ride up embankments
- swing rope or throw rope at a dummy steer head
- step in and out of obstacle
- put on slicker or coat
- stand to mount with mounting block
- walk through water obstacle
- open gate on foot
- pick up feet
- walk through brush
- ground tie (hobbles are allowed);
- lead at the trot.

101.3.4 Prohibited Obstacles

- tarps
- water obstacles with slick bottoms
- pvc pipe used as a jump or walk over
- tyres
- rocking or moving bridges
- logs elevated in a manner that permits such to roll in a dangerous manner.

101.3.5 Judges must walk the course and have the right and duty to alter the course if it is not in keeping with the intent of the class. Judges may remove or change any obstacles they deem unsafe, non-negotiable, or unnecessarily difficult. Any time a trail obstacle becomes unsafe during a class, it shall be repaired or removed from the course. If the course cannot be repaired and some horses have completed the course, the score for that obstacle shall be deducted from all previous draws in that class.

101.3.6 Pattern must be posted at least one (1) hour prior to competition.

101.3.7 Credits and Penalties - All runs begin upon entering the arena and any infractions are subject to penalty at that time (such as two hands on the reins, using either hand to instil fear or praise, etc.). The rider has the option of eliminating any obstacle, however this will result in being "off pattern" (OP) and the exhibitor will not place above others who have completed the pattern correctly. A Judge may ask a horse to pass on an obstacle after three refusals or at any time for safety concerns.

Credit is given to exhibitors that negotiate the obstacles correctly and efficiently. Horses should receive credit for showing attentiveness to obstacles and ability to negotiate through the course when the obstacles warrant it while willingly responding to rider's cues on more difficult obstacles. Quality of movement and cadence should be considered part of the manoeuvre score for the obstacle.

Penalties are assessed as follows:

1 Point

- over-bridled (per manoeuvre)
- out of frame (per manoeuvre)
- each hit, bite or stepping on a log, cone plant or any component

of the obstacle

- incorrect or break of gait at walk or trot for two (2) strides or less
- both front or hind feet in a single-stride slot or space at a walk or trot
- skipping over or failing to step into required space

3 Points

- wrong lead or out of lead
- draped reins
- break of gait at lope, except when correcting an incorrect lead
- break of gait at walk or trot for more than two (2) strides
- three to four steps on mount/dismount on ground tie.

5 Points

- spurring in front of cinch
- blatant disobedience
- use of either hand to instil fear/praise
- knocking over, stepping out of or falling off an obstacle
- dropping an object required to be carried
- 1st or 2nd cumulative refusal
- letting go of gate
- five or more steps on mount/ dismount or ground tie.

10 points

- unnatural ranch horse appearance (horse's tail is obvious and consistently carried in an unnatural manner in every manoeuvre).

Off-Pattern (OP)

Exhibitors cannot place above others who complete pattern correctly.

- incomplete manoeuvre
- eliminating or adding a manoeuvre
- breaking pattern
- 3rd refusal
- repeated blatant disobedience
- failure to dally and remain dallyed during the drag
- use of two hands (except junior horses shown in a Snaffle bit/Hackamore)
- more than one finger between split reins or any fingers between romal reins (except in the two-rein)

Disqualification (DQ)

- Lameness, abuse
- leaving working area before pattern is complete
- illegal equipment, improper western attire
- disrespect or misconduct
- fall of horse/rider.

101.4 Versatility Ranch Reining

The Versatility Ranch Reining class measures the ability of the ranch horse to perform basic handling manoeuvres with a natural head carriage in a forward looking manner. Patterns may be chosen from any of the Ranch Reining patterns or the Judge may supply their own pattern if all aspects of these Rules are adhered to

101.4.1 Credits and Penalties All runs begin upon entering the pen and any infractions are subject to penalty at that time such as two hands on the reins, using either hand to instil fear or praise, etc. To rein a horse is not only to guide him but also to control his every movement. The best reined horse should be willingly guided or controlled with little or no apparent resistance and dictated to completely. Any movement on his own must be considered a lack of control. All deviations from the exact written pattern must be considered a lack of or temporary loss of control and therefore a fault that must be marked down according to severity of deviation. The horse/rider team's overall performance should be credited for smoothness, finesse, attitude, quickness, and authority of performing various manoeuvres while using controlled speed which

raises the degree of difficulty and makes the horse/rider team more exciting a pleasing to watch.

Penalties

½ Point

- starting a circle or exiting a roll-back at a trot for up to two (2) strides
- delayed change of lead by one stride where the lead change is required by the pattern description
- failure to remain a minimum of 6m from the wall or fence when approaching a stop and/or roll-back
- over-spin or under-spin up to ¼ turn.

1 Point

- over-bridled (per manoeuvre)
- out of frame (per manoeuvre)
- out of lead in the circles, figure eights or around the end of the arena (this penalty is cumulative and will be deducted for each quarter of a circle the horse is out of lead)
- over or under spinning ¼ to ½ turn
- slipping rein.

2 Points

- break of gait
- freeze up in spins or roll-backs
- failure to stop or walk before executing a lope departure on trot-in patterns
- failure to be in a lope prior to the first marker on run-in patterns
- failure to completely pass the specified marker before initiating a stop position
- trotting beyond two strides, but less than ½ circle or ½ length of the arena.

5 Points

- spurring in front of cinch
- blatant disobedience
- use of either hand to instil fear/praise.

10 points

- unnatural Ranch Horse appearance (horse's tail is obvious and consistently carried in an unnatural manner in every manoeuvre).

Off-Pattern (OP)

Exhibitors cannot place above others who complete the pattern correctly;

- breaking pattern
- inclusion of manoeuvre (e.g. over or under-spinning, backing more than two (2) strides, etc.)
- trotting in excess of ½ circle or ½ length of the arena
- repeated blatant disobedience
- use of two hands (except junior horses shown in a Snaffle bit/Hackamore)
- more than one finger between split reins or any fingers between romal reins (except in the two-rein).

Disqualification (DQ)

- lameness, abuse
- illegal equipment, improper western attire
- disrespect or misconduct
- leaving arena before pattern is complete
- fall of horse/rider.

101.5 Versatility Ranch Cutting

This class is judged on the ability of the horse to work a cow by separating it from the herd and holding it to demonstrate the horse's ability to work the cow. A single cow is cut from the herd and the horse must demonstrate its ability to work the cow.

101.5.1 Objective is to cut one or two cows, based on the division, from the herd and work the cow(s) with the assistance of two turn-back riders and two herd holders. Show Management may supply two herd holders and two turn back riders, or exhibitors may supply their own helpers. If an exhibitor is a herd holder or turn back rider, he or she may use the horse that they are competing on or use a

different horse. NB: Announcer to notify when one (1) minute remaining.

- a) For Open and Amateur division competition, there will be a two minute time limit. Each exhibitor must work two head and has the option of ending their run before the two minute limit or working the full two minutes;
- b) For Youth competition, there will be a one and a half minute time limit. Each exhibitor may work one or two cows and has the option of ending their run before the one and one-half minute time limit or working the full one and one-half minutes. Working two cows does not assure extra credit to the run;
- c) Time will begin when a rider crosses a pre-determined and marked timeline prior to entering the herd. The rider will then quietly separate his/her cow from the herd;
- d) Unnecessary roughness or disturbing the herd excessively could result in disqualification;
- e) Ultimate credit will be given to the horses demonstrating excellence in the herd work by committing to, driving, setting up and working a cow in the centre of the arena with minimal disturbance to the herd;
- f) Horses will not be penalised for reining during the cutting portion, but should display natural ability;
- g) The hot quit shall be considered in the run content.

101.5.2 Scoring: 100 percent will be judged by the horse's ability and performance.

Penalties will be assessed as follows:

1 Point

- over-bridled (per manoeuvre)
- out of frame (per manoeuvre)
- losing working advantage
- toe, foot, or stirrup on the shoulder
- working out of position.

3 Points

- cattle picked up or scattered
- spurring on shoulder
- pawing or biting cattle
- back fence
- hot quit.

5 Points

- horse quitting cow
- losing cow
- changing cattle after a specific commitment
- failure to separate a single animal after leaving the herd
- blatant disobedience.

10 Points

- unnatural Ranch Horse appearance (horse's tail is obvious and consistently carried in an unnatural manner in every manoeuvre).

Off Pattern (OP)

- turn tail
- failure to cut two cows
- use of two hands (except junior horses shown in a Snaffle bit/Hackamore)
- more than one finger between split reins or any fingers between romal reins (except in the two-rein).

Disqualification (DQ)

- Lameness, abuse
- disrespect or misconduct
- illegal equipment, improper western attire
- excessive disturbance of herd to the point that exhibitor is asked to leave the arena
- leaving arena before run is complete
- fall of horse/rider.

101.6 Versatility Ranch Cow Work

The ideal Versatility Ranch horse must also be a cow horse and this class demonstrates and measures the horse's ability to do cow work. Holding the saddle horn is permitted. There is a time limit per exhibitor to perform the work depending on the division and the time begins when the cow is turned into the arena.

If the time has not elapsed and the Judge is satisfied that all requirements of the class have been met, the Judge should blow the whistle for the exhibitor to cease work. The Judge may blow a whistle at any time for the exhibitor to cease work for safety reasons.

Judges will give credit for what they have seen. Only the Judge may award a new cow to a contestant to replace a cow that will not honour a horse. If the Judge awards a new cow, the exhibitor has the option to refuse the new cow by continuing to work. If the exhibitor accepts the new cow, the time for working the cow will start over. If the exhibitor intends to accept the new cow, the exhibitor must pull up immediately. When multiple Judges are scoring, any one of the Judges may terminate the work or signal for a new cow.

101.6.1 Time Limits

a) **Open, Amateur and Youth** divisions are allotted three (3) minutes to complete the work;

Limited Amateur and Youth are allotted one minute and forty five seconds;

b) When there is one (1) minute left, the announcer will announce, "one minute remaining". At end of allotted time the announcer will call "time".

101.6.2 There are three (3) parts to the class:

- boxing
- fence work
- roping or circling.

Boxing the Cow: The rider shall ride into the arena, face the cattle entry gate and signal for their cow to be turned into the arena. The cow shall be controlled on the entry end of the arena for enough time to demonstrate the horse's ability to hold the cow. If the cow does not immediately challenge the horse, the rider shall aggressively move in on the cow to demonstrate his horse's ability to drive and block the cow on the entry fence.

Fence Work: After the cow has been controlled on the entry end of the arena, the rider shall set the cow up and drive it down either side of the arena. The cow should be turned on the fence at least once in each direction. The first run out for a turn shall be past the half-way mark of the arena. All turns down the side shall be completed before reaching the end fence.

Roping or Circling: The Amateur and Youth exhibitor has the option of circling the cow in the middle of the arena in both directions in lieu of roping. An Amateur or Youth exhibitor may circle or rope the cow but cannot combine the two to get credit for this portion of the run. Open exhibitors must rope the cow. To rope the cow, the exhibitor must be carrying a rope when the run starts. The exhibitor may pull up after the fence work, take down the rope and proceed to rope and stop the cow. The exhibitor must then rope the cow and bring it to a stop. In the roping portion of the class, two (2) throws are permitted, and the horse will be judged on two (2) manoeuvres: tracking/rating and stopping the cow. It is not necessary that the exhibitor catch to receive a score in the roping portion. The catch is legal if the cow looks through the loop and the rope pulls tight on any part of the animal's body except the tail. The rope may be tied on or dallied. If the exhibitor does not catch, the horse will be given credit for rating and tracking and will be assessed a two (2) point penalty to circle the cow, the exhibitor will manoeuvre the cow smoothly at least 360° in each direction without interference from the fence. The circle's size, symmetry, speed, and relative balance from right and left show control. Tightening the circles down with fast head-to-head speed will be a credit situation. The circles should be completed before the cow is exhausted. Once an exhibitor has committed to circling a cow, if the cow falls no new cow will be awarded. The exhibitor will complete the run by riding around the fallen cow to fulfil circling requirements. In the circling portion of the judging, one whistle will terminate the work and two whistles will award a new cow.

101.6.3 Credits All runs begin upon entering the pen, any infractions (such as two hands on the reins, using either hand to instil fear or praise, etc.) are subject to penalty at that time.

Credit will be given:

Boxing: for the horse's expression and its 'cow sense' (i.e., making moves with little rider assistance); holding, controlling, and turning the cow; the amount of work done; and the degree of difficulty of the work.

Fence Work: for making the first run past the centre of the arena; making turns right on the cow; and controlling a difficult cow.

Roping: for rating and following cow to allow rider the optimal roping position; stopping hard; and staying in the ground during the hold. Credits for each element of Roping range from minus 1½ to plus 1½.

Circling: when the horse works willingly; acknowledges the cow; and gets close enough to the cow to control the circles. Credits for Circling range from minus 1½ to plus 1½ points for each direction.

101.6.4 Penalties will be assessed as follows:

1 Point

- over-bridled (per manoeuvre)
- out of frame (per manoeuvre)
- loss of working advantage
- using the corner or the end of the arena to turn the cow when going down the fence
- changing sides of arena to turn cow
- for each length horse runs past cow
- working out of position
- slipping rein
- failure to drive cow past middle marker on first turn
- two-loop catch in amateur and youth classes.

2 Points

- going around the corner of the arena before turning cow
- when working an animal in the open field (at least 6 m from the side of arena) and the animal gets within 1 m from the end fence before being turned
- failure to catch if roping in amateur and youth classes.

3 Points

- exhausting or overworking the cow before circling or roping
- hanging up on the fence (refusing to turn)
- knocking down the cow without having a working advantage
- two-loop catch when roping in open class.

5 Points

- failure to turn the cow both directions on the fence
- spurring in front of cinch
- blatant disobedience
- use of either hand to instil fear/praise
- failure to catch when roping, in open class.

10 points

- unnatural Versatility Ranch horse appearance (Horse's tail is obvious and consistently carried in an unnatural manner in every manoeuvre).

Off-Pattern (OP)

Cannot place above others who complete pattern correctly.

- Turning tail
- failure to attempt any part of the class (includes no attempt at roping in the open divisions)
- repeated blatant disobedience
- schooling after entering the arena prior to calling for cow
- schooling horse between cows if new cow is awarded, or complete loss of rope in open class
- use of two hands (except junior horses shown in a Snaffle bit/Hackamore)
- more than one finger between split reins or any fingers between romal reins (except in the two-rein).

Disqualification (DQ)

- bringing the cow straight over backwards landing on its back or head with all four feet in the air
- lameness, abuse,
- illegal equipment, improper western attire

- disrespect or misconduct
- leaving arena before run is complete
- fall of horse/rider.
- Note: If the open rider runs out of time to rope, there will be no credit for the stop/hold manoeuvre and a five (5) point penalty for failure to catch. Riders may still earn credit for tracking/ rating, control/position and speed/ degree of difficulty.

101.7 Versatility Limited Ranch Cow Work Amateur/Youth
Exhibitors in the limited ranch cow work cannot compete in both the ranch cow work and limited cow work class, at the same Show with the same horse. Any Amateur or Select rider may fall back one time to the Limited Ranch Cow work. Time limits refer to Rule 101.6.1.

101.7.1 There are three (3) parts to the cow work:

- boxing the cow
- setting up the cow and driving it down the fence to the opposite end of the arena, and
- boxing it at the opposite end of the arena.

There is no expectation that the exhibitor will make a 'fence turn', rather the drive down the fence demonstrates correct position and control around the corner.

Boxing the Cow

The rider shall ride into the arena, face the cattle entry gate, and signal for their cow to be turned into the arena. The cow shall be controlled on the entry end of the arena for an enough time to demonstrate the horse's ability to "hold" the cow. If the cow does not immediately challenge the horse, the rider shall aggressively move in on the cow to demonstrate his horse's ability to drive and block the cow on the entry fence.

Set Up Cow, Drive Down Fence to Opposite End of Arena

After the cow has been controlled on the entry end of the arena, the rider shall set the cow up for driving down the side of the arena. When coming out of corner, the horse shall be close enough to cow to demonstrate control with cow against the fence. This distance and control should be maintained for approximately ½ to ¾ the length of arena. Rider will then stop and release the cow and move horse toward centre of arena to set the cow up for boxing.

Boxing the Cow at Opposite End of Arena

The exhibitor will again control or "hold" the cow for the remainder of time at end of the arena to demonstrate the horse's ability to "hold" the cow.

101.7.2 Credits All runs begin upon entering the pen; any infractions (such as two hands on the reins, using either hand to instil fear or praise, etc.) are subject to penalty at that time.

Boxing: Credit will be given for the horse's expression and its 'cow sense' (i.e., making moves with little rider assistance); holding, controlling, and turning the cow; the amount of work done; and the degree of difficulty of the work.

Set Up Cow and Drive Down Fence: Credit will be given for rating the cow; blocking the cow with pressure towards the end of the arena; driving the cow with control down the side of the arena; and controlling a difficult cow.

101.7.3 Penalties will be assessed as follows:

- 1 Point**
- over-bridled (per manoeuvre)
 - out of frame (per manoeuvre)
 - loss of working advantage
 - working out of position
 - slipping rein.

3 Points

- knocking down the cow without having a working advantage
- losing a cow while boxing.

5 Points

- spurring in front of cinch
- blatant disobedience
- use of either hand to instil fear/praise
- use of two hands (except in Snaffle bit or Hackamore) per

- manoeuvre
- more than one (1) finger between split reins or any fingers between romal reins (except two rein) per manoeuvre.

10 points

- unnatural ranch horse appearance (horse's tail is obvious and consistently carried in an unnatural manner in every manoeuvre)

Off-Pattern (OP)

Exhibitors cannot place above others who complete the pattern correctly.

- turning tail
- failure to attempt any part of the class
- repeated blatant disobedience
- schooling after entering the arena prior to calling for cow
- schooling horse between cows (if new cow is awarded)
- leaving arena before run is complete.

Disqualification (DQ)

- lameness, abuse
- illegal equipment, improper western attire
- disrespect or misconduct
- knocking down the cow
- fall of horse/rider.

101.8 Versatility Ranch Conformation

The purpose of Versatility Ranch conformation is to preserve the Quarter Horse type by selecting well-mannered horses in the order of their resemblance to the breed ideal and that are the most positive combination of balance, structural correctness, and movement with appropriate breed and sex characteristics and adequate muscling. The ideal Versatility Ranch conformation horse should have a natural ranch horse appearance from head to tail.

- a) The Versatility Ranch conformation class must be held after the conclusion of the other events;
- b) To be eligible to compete in the Versatility Ranch Conformation class the horse must be shown in at least one class in one of the other categories of their appropriate division on the day of the show.
- c) **Divisions:** All Age Youth, Amateur, All Age Horse.
2 Youth age divisions and a Select Amateur can be offered.

101.8.1 Only one (1) conformation class can be held for each of the following divisions:

- Open
- Amateur
- Youth
- Select Amateur

- a) Stallions, geldings and mares are exhibited in the same class.
Exception: Youth – geldings and mares only;
- b) Horses are to be shown in a good working halter, rope, braided, nylon or plain leather. Horses will walk to the Judge one at a time;
- c) As the horse approaches, the Judge will step to the right to enable the horse to trot straight to a cone placed 15 m away. At the cone, the horse will continue trotting, turn to the left and trot toward the left wall or fence of the arena. After trotting, horses will be lined up head to tail for inspection by the Judge;
- d) The Judge shall inspect each horse from both sides, front and rear and place the horses in order of preference.

102. WESTERN HORSEMANSHIP

Available only in the Amateur, Select Amateur and Youth divisions.

- a) The Western Horsemanship class is designed to evaluate the rider's ability to execute, in concert with their horse, a set of manoeuvres prescribed by the Judge with precision and smoothness while exhibiting poise and confidence, and maintaining a balanced, functional, and fundamentally correct body position. The ideal Horsemanship pattern is extremely precise with the rider and horse working in complete unison, executing each manoeuvre with subtle aids and cues;
- b) It is mandatory that the Judge post the initial pattern to be worked

at least one (1) hour prior to the commencement of the class; however, if the Judge requires additional work of exhibitors for consideration of final placing, an additional pattern may be posted. Pattern(s) should be designed to test the horseman's ability. All ties will be broken at the Judge's discretion.

102.1 Class Procedures

- a) All exhibitors will enter the ring, line up as directed and then each exhibitor separately will complete the pattern; or
- b) Exhibitors will enter the ring from the gate one at a time and complete their pattern;
- c) A posted order is required regardless of procedure a) or b)
- d) Exhibitors are to be instructed to either leave the arena, fall into line, or fall into place on the rail after their work.
- e) The whole class, or just the finalists, may work at all three (3) gaits at least one (1) direction of the arena.

102.1.1 Acceptable Manoeuvres

- walk, jog, trot, extended trot, lope, or extended lope in a straight line, curved line, serpentine, circle, or figure eight (8), or combination of these gaits and manoeuvres
- stop; back in a straight or curved line
- turn or pivot, including spins and rollbacks on the haunches and/or on the forehand
- side pass, two track, or leg yield, flying or simple change of lead
- counter canter; or any other manoeuvre.
- a back will be asked for at some time during the class. Judges will not ask exhibitors to mount or dismount.

102.2 Scoring will be from 0 to infinity, with 70 denoting an average performance. Patterns will be divided into 6 to 10 manoeuvres, as specified by the Judge, and each manoeuvre will be scored from +3 to -3 with ½ point increments acceptable that will be added or subtracted from 70. Manoeuvre scores should be determined independent of penalties, and should reflect equal consideration of both performance of the exhibitor's pattern and the form and effectiveness of the exhibitor and presentation of horse to result in the following scores:

+3 Excellent, +2 Very Good, +1 Good, 0 Average or Correct, -1 Poor, -2 Very Poor, -3 Extremely Poor.

Exhibitors overall form and effectiveness should also be scored from 0 to 5 with 0 to 2 Average, 3 Good, 4 Very Good, 5 Excellent.

102.3 Overall Appearance of Exhibitor and Horse

Appropriate western attire must be worn. Clothes and person are to be neat and clean.

102.3.1 Appearance and Position of Exhibitor

The exhibitor should appear natural in the seat and ride with a balanced, functional, and correct position regardless of the manoeuvre or gait being performed. During the rail work and pattern the exhibitor should have strong, secure, and proper position. Exhibitors should sit and maintain an upright position with the upper body at all gaits.

The rider should sit in the centre of the saddle and the horse's back with the legs hanging to form a straight line from the ear, through the centre of the shoulder and hip, touching the back of the heel or through the ankle. The heels should be lower than the toes, with a slight bend in the knee and the lower leg should be directly under the knee.

The rider's back should be flat, relaxed, and supple. An overly stiff and/or overly arched lower back will be penalised. The shoulders should be back, level, and square. The rider's base of support should maintain secure contact with the saddle from the seat to the inner thigh. Light contact should be maintained with the saddle and horse from the knee to mid-calf.

The knee should point forward and remain closed with no space between the exhibitor's knee and the saddle.

The exhibitor will be penalised for positioning the legs excessively behind or forward of the vertical position. Regardless of the type of

stirrup, the feet may be placed home in the stirrup, with the boot heel touching the stirrup, or may be placed with the ball of the foot in the centre of the stirrup.

The rider's toes should be pointing straight ahead or slightly turned out with the ankles straight or slightly broken in. Riding with toes only in the stirrup and riding without contact of bottom of boot securely on pad of stirrup, will be penalised. Those exhibitors that can maintain the proper position throughout all manoeuvres should receive more credit.

Both hands and arms should be held in a relaxed, easy manner, with the upper arm in a straight line with the body. The arm holding the reins should be bent at the elbow forming a line from the elbow to the horse's mouth. The free hand and arm may be carried bent at the elbow in a similar position as the hand holding the reins or straight down at the rider's side.

Excessive pumping of the free arm as well as excessive stiffness will be penalised. The rider's wrist is to be kept straight and relaxed, with their hand held at about 30° to 45° inside the vertical. The rein hand should be carried immediately above or slightly in front of the saddle horn.

The reins should be adjusted so that the rider has light contact with the horse's mouth, and at no time will the reins require more than a slight hand movement to control the horse. Excessively tight or loose reins will be penalised.

The rider's head should be held with the chin level and the eyes forward and may be directed slightly toward the direction of travel. Excessive turning of the head to the inside of the circle, or down at the horse's head or shoulder will be penalised.

The exhibitor is not to crowd the exhibitor next to or in front of them when working on the rail and should pass to the inside of the arena. When reversing on the rail, the exhibitor should always reverse to the inside of the arena.

102.3.2 Appearance of Horse

The horse's body condition and overall health and fitness should be assessed. The horse should appear fit and carry weight appropriate for the body size. A horse which appears sullen, dull, lethargic, emaciated, drawn, or overly tired should be penalised according to severity.

Tack should fit the horse properly, and be neat, clean, and in good repair.

The exhibitor should perform the work accurately, precisely, smoothly, and with a reasonable amount of promptness. Increasing speed of the manoeuvres performed increases the degree of difficulty, however accuracy and precision should not be sacrificed for speed.

Exhibitors that perform the pattern sluggishly and allow their horse to move without adequate impulsion, collection, or cadence will be penalised. The horse should perform all manoeuvres in the pattern willingly, briskly, and readily with minimal visible or audible cueing.

Failure to follow the prescribed pattern, knocking over or working on the wrong side of the cones, or severe disobedience will result in disqualification.

Excessive schooling or training, or wilful abuse by the exhibitor is cause for disqualification.

The horse should track straight, freely, and at the proper cadence for the prescribed gait. Transitions should be smooth and prompt in the pattern and on the rail and should be performed when called for on the rail.

The horse's head and neck should be straight and in line with their body while performing straight lines and slightly arched to the inside on curved lines or circles. Circles should be round, and performed at the appropriate speed, size, and location as requested in the pattern.

The counter-canter should be performed smoothly with no change in cadence or stride unless specified in the pattern. The stop should be straight, square, prompt, smooth, and responsive with the horse maintaining a straight body position throughout the manoeuvre.

The back should be smooth and responsive.

Turns should be smooth and continuous. When performing a turn on the haunches, the horse should pivot on the inside hind leg and step across with the front legs. A rollback is a stop and 180° turn over the hocks with no hesitation. Backing during turns will be penalised severely.

The horse should step across with the front and hind legs when performing the side pass, leg yield, and two-track. The side pass should be performed with the horse keeping the body straight while moving directly lateral in the specified direction.

When performing a leg yield, the horse should move forward and lateral in a diagonal direction with the horse's body arced opposite to the direction that the horse is moving. In the two-track (2), the horse should move forward and lateral in a diagonal direction with the horse's body held straight or bent in the direction the horse is moving.

A simple or flying change of lead should be executed precisely in the specified number of strides and/or at the designated location. A simple change of lead is performed by breaking to a walk or trot for one (1) to three (3) strides. Flying changes should be simultaneous front and rear. All changes should be smooth and timely.

Position of the exhibitor and performance of the horse and rider on the rail must be considered in the final placing.

102.4 Penalties. An exhibitor should be penalised in the pattern independent of manoeuvre scores and deducted from the final score as follows:

3 points

- break of gait at the walk or jog up to two (2) strides
- over or under turn from 1/8 to 1/4 turn
- tick or hit of cone
- obviously looking down to check leads.

5 points

- not performing the specific gait or not stopping within 3m of designated location
- incorrect lead or break of gait at the lope (except when correcting an incorrect lead)
- break of gait at walk or jog for more than two (2) strides
- loss of stirrup
- bottom of boot not touching pad of stirrup at all gaits including backup
- head carried too low and/or clearly behind the vertical while the horse is in motion, showing the appearance of intimidation.

10 points

- loss of rein
- use of either hand to instil fear or praise while on pattern or during rail work
- holding saddle with either hand
- cueing with the end of the Romal

- blatant disobedience including kicking, pawing, bucking, and rearing
- spurring in front of the cinch.

Disqualifications (will not be placed) including:

- failure to display correct number
- abuse of horse or schooling
- fall by horse or exhibitor
- illegal equipment or illegal use of hands on reins
- use of prohibited equipment
- off pattern, including knocking over or wrong side of cone or marker; never performing designated gait or lead
- over or under turning more than 1/4 turn.

103. WESTERN PLEASURE

103.1 A good Western Pleasure horse has a free-flowing stride of reasonable length in keeping with his conformation. He should cover a reasonable amount of ground with little effort. Ideally, he should have a balanced, flowing motion. He should carry his head and neck in a relaxed, natural position, with his poll level with or

slightly above the level of the withers. He should not carry his head behind the vertical, giving the appearance of intimidation, or be excessively nosed out, giving a resistant appearance. His head should be level with his nose slightly in front of the vertical, having a bright expression with his ears alert. He should be shown on a reasonably loose rein, but with light contact and control. He should be responsive, yet smooth, in transitions when called for. When asked to extend, he should move out with the same flowing motion. Maximum credit should be given to the flowing, balanced and willing horse which gives the appearance of being fit and a pleasure to ride.

103.2 This class will be judged on the performance, condition, and conformation of the horse; however, a maximum of twenty percent (20%) of the judging will be based on condition and conformation.

- a) Horses must work both ways of the ring at all three (3) gaits to demonstrate their ability with different leads. At the option of the Judge, horses may be asked to extend the walk, jog, or lope, one both ways of the ring. The judge may ask all or just the top twelve (12) horses to extend at the jog; however, no more than the top twelve (12) horses can be asked to extend at the lope. Riders should sit at the extended jog. Horses are required to back easily and stand quietly;
- b) Horses are to be reversed to the inside (away from the rail). They may be required to reverse at the walk or jog at the discretion of the Judge, but will not be asked to reverse at the lope;
- c) Judge may ask for additional work of the same nature from any horse. The Judge cannot ask for work other than that listed above;
- d) Rider will not be required to dismount except in a class the Judge wishes to check the equipment;
- e) Horses to be shown at a walk, jog and lope on a reasonably loose rein or light contact without undue restraint.

103.3 Faults to be scored according to severity:

- excessive speed (any gait)
- being on the wrong lead
- breaking gait
- excessive slowness in any gait, loss of forward momentum
- failure to take the appropriate gait when called for
- touching horse or saddle with free hand
- head carried too high
- head carried too low - tip of ear below the withers for five (5) or less strides
- over flexing or straining neck in head carriage so the nose is carried behind the vertical for five (5) or less strides
- overly canted at the lope (where the outside hind foot is further to the inside of the arena than the inside front foot)
- excessive nosing out
- opening mouth excessively
- stumbling
- a horse which appears sullen, dull, lethargic, emaciated, drawn or overly tired
- quick, choppy or pony-strided
- if reins are draped to the point that light contact is not maintained.

103.4 Faults which will be cause for disqualification:

- head carried too low such that the poll is below the withers consistently
- over flexing or straining neck in head carriage so the nose is carried behind the vertical consistently
- use of spurs forward of the cinch.

104. WESTERN RIDING

Western Riding is a class where the horse is judged on quality of gaits, lead changes at the lope, response to the rider, manners, and disposition. The horse should perform with reasonable speed, and be sensible, well-mannered, free and easy moving.

104.1 Credit will be given for and emphasis placed on smoothness, even cadence of gaits (i.e. starting and finishing pattern with the same cadence), and the horse's ability to change leads precisely, easily, and simultaneously both hind and front at the centre point between markers. The horse should have a relaxed head carriage showing response to the rider's hands, with a moderate flexion at the poll. Horses may be ridden with light contact or on a reasonably loose rein. The horse should cross the log both at the jog and the lope without breaking gait or radically changing stride.

104.2 The Judge will select one (1) of the five (5) patterns to be performed. The Judge is responsible for the pattern being correctly set.

On the pattern:

- a) The small circles represent pylon markers which are recommended. These are to be separated by a uniform measured distance of not less than 9m or more than 15m on the sides with five (5) markers (see diagram). In pattern one, the three markers on the opposite side are to be set adjacent to the appropriate markers. It is recommended that markers be set a minimum of 4½m from the fence and with 15 to 24m width in the pattern, as the arena permits;
- b) A solid log or pole is to be used and be a minimum of 2.5m in length;
- c) The long serpentine line indicates the direction of travel and gaits at which the horse is to move. The recommended lead changing point is equal to ½ stride length before or after the centre point between the markers. The dotted line (.....) indicates walk, the dash line (----) jog, and the solid line (___) lope.

104.3 Scoring will be on a basis of 0-100 with 70 denoting an average performance.

Scoring guidelines to be considered where the points will be added or subtracted from the manoeuvres on the following basis, ranging from plus 1.5 to minus 1.5:

-1.5 extremely poor, -1 very poor, -.5 poor, 0 average, +.5 good, +1 very good, +1.5 excellent;
Manoeuvre scores are to be determined independently of penalty points.

104.4 Penalties

A contestant will be penalised each time the following occurs:

5 points

- out of lead beyond the next designated change area NB: failures to change, including cross-cantering, at two consecutive change areas would result in ten (10) penalty points
- blatant disobedience including kicking out, biting, and bucking, rearing and excessive schooling.

3 points

- not performing the specific gait (jog or lope) or
- stopping when called for in the pattern, within 3m of the designated area
- break of gait at the lope
- simple change of leads
- out of lead at or before the marker prior to the designated change area or out of lead at or after the marker after the designated change area
- additional lead changes anywhere in pattern (except when correcting an extra change or incorrect lead) in patterns one and three, failure to start lope within 9m after crossing the log at the jog
- break of gait at walk or jog for two or more strides.

1 point

- break of gait at walk or jog up to two (2) strides
- hitting or rolling log
- out of lead for more than one (1) stride either side of the centre point and between the markers
- splitting the log (log between the two (2) front or two (2) hind feet) at the lope.

1/2 point

- tick or light touch of log
- hind legs skipping or coming together during lead change
- non-simultaneous lead change (front to hind or hind to front).

Disqualified - 0 score

- illegal equipment
- wilful abuse
- off course
- knocking over markers
- completely missing log
- major refusal - stop and back more than two (2) strides or four (4) steps with front legs
- failure to start lope prior to end cone in patterns one and three
- four (4) or more simple lead changes and/or failures to change leads
- overturn of more than 1/4 turn.

104.5 Credits

- changes of leads, hind and front simultaneously
- changes at designated point
- accurate and smooth pattern
- even pace throughout
- easy to guide and control with rein and leg
- manners and disposition
- conformation and fitness.

104.6 The following characteristics are considered faults and are to be judged accordingly in manoeuvre scores:

- opening mouth excessively
- anticipating signals or early lead changes
- stumbling.

104.7 In the case of a tie, for first place only, penalties will be used to break the tie.

105. WORKING COW HORSE

Working Cow Horse and Boxing run at AQHA Approved Shows or an Approved Program, Rules as listed.

105.1 A Show can have up to three (3) approved working cow horse classes. No horse may be entered in both Junior bit and Hackamore/Snaffle bit working cow horse classes at the same show;

105.2 Use of 'two (2) rein equipment' is allowed as recognised by NRCHA in an AQHA Working Cow horse. The purpose of the two (2) rein option is the transition between the Hackamore and bridle and can be used on any aged horse in the Amateur, Junior, Senior or all age Working Cow horse class or Amateur boxing for one (1) year only. The bit and bosal combination must be approved in accordance with NRCHA rules, below. Only one (1) hand may be used on the reins and hands must not be changed. Any number of fingers between reins will be permitted. Both mecate and bridle reins are to be held in the rein hand.

105.3 In the two (2) rein class, bosals may be of any size, constructed of braided rawhide or leather and have a non-metal flexible core. No iron or foreign substance may be used. The rider must use one

(1) hand on the reins. Fingers between the reins will be permitted. Both mecate and bridle reins are to be held in the rein hand.

105.4 The Working Cow Horse class is based on the traditional Vaquero training techniques used to develop the most highly schooled of all cow horses, the bridle horse. The training begins in a Snaffle bit, progresses to a Hackamore and then the two-rein on the way to the bridle. This method of training, which takes years rather than months, is geared to helping a horse reach his maximum level of performance, from the working ranch to the competitive arena. Both the cow work portion of this event and the reined work portion are mandatory. Scoring emphasis on the cow work portion will

always be based on the horse maintaining control of the cow, exhibiting superior cow sense and natural cow working ability without excessive reining or spurring. The greater the difficulty of the run, the more credit is to be given. The difficulty may be due to the extreme speed or stubbornness of the cow, or the cow's reluctance to move down the fence when sufficiently driven by the contestant.

The most controlled cow work with the highest degree of difficulty will be marked the highest. Failure of an exhibitor to attempt to complete the cow work portion of the class, as well as the reined work, will result in the exhibitor not being considered an entry in the class. A horse that attempts to complete the cow work and has not been disqualified will be scored accordingly at the Judge's discretion. A horse going off pattern in the reined work will receive a score of zero. A horse that attempts both the reined work and the cow work portion may be placed, even if disqualified in one portion of the class. (Example: If a horse is disqualified and receives a zero (0) score for the reined work, but scores a 70 for the cow work, its total score would be a 70 and the horse would be eligible for placing.) However, the fall of a horse and rider being Judged will be cause for disqualification and not eligible to be placed.

105.5 The approved pattern will be used, and each contestant will cause his horse to travel at the gait indicated for each part of the pattern. When judging reined work, the judge is to refer to the reining portion of the Rule Book for guidelines with the addition of a one (1) point penalty for scotching or anticipating a stop.

105.6 In approved working cow horse classes, any of the patterns in Section Six may be used. The Judge will decide on the pattern. All trot-in patterns may be modified to lope-in patterns. When selecting a lope-in pattern, Judges are to take into consideration the direction of the exhibitor's approach to the arena centre so the horse can be on the correct lead from the gate to the start of the patterns. Rider will walk through the gate and, without trotting, pick up the correct lead and continue loping to the centre of arena. At the centre, without stopping or breaking gait, begin pattern. When using a lope to the centre pattern, judging of the pattern will begin at the centre of arena. Penalties occurring while loping to the centre of arena to begin pattern will be assessed.

105.7 For an ideal cow work, each contestant, upon receiving a cow in the arena, will hold the cow on the prescribed end of the arena to contain the cow on that end. After a reasonable amount of time, the contestant will take the cow down the fence, making at least one (1) turn each way on the fence.

The contestant will then take the cow to an open part of the arena and circle it at least once in each direction. The required pattern for the cow work is Boxing, fence turns and circles, in that order. It is the Judge's responsibility to control the pen and treatment of all cattle.

105.8 The Judge is to take into consideration the size of the arena, condition of ground and the disposition and degree of difficulty exhibited by the cattle worked.

105.9 At the discretion of the Judge, cow work may be done immediately following completion of pattern by each individual or immediately after completion of pattern work by all horses being exhibited.

105.10 Horse should keep working until Judge blows whistle. If exhibitor quits working before the Judge blows the whistle, a score of zero (0) will be given.

105.11 If time and number of cattle permits, the Judge may, at his discretion, award new cattle, to enable the contestant to show his horse's ability on the cow, based on the following criteria that the cow:

- will not or cannot run
- will not leave the end of the arena

- is blind or will not yield to the horse
- leaves the arena.

105.12 Scoring will be based on 60-80, with 70 denoting an average performance. The same basis of scoring will apply to both the reined work and cow work. In the event of a tie, the entry with the highest cow work will be declared the winner.

105.13 Penalties are to be assessed, per occurrence, as follows for fence work:

1 point

- loss of working advantage
- horses that run past the cow will be penalised one (1) point for every horse's length past the cow, when the horse's buttocks pass the cow's head by one (1) horse's length, he is one (1) length past
- failure to drive cow past middle marker on first turn before turning cow
- each time the arena is crossed to use the opposite fence to achieve a turn
- using the corner or the end of the arena to turn the cow when going down the fence
- slipping a rein
- excessive whipping, spurring, or hollering.

2 points

- going past the corner of the arena before turning the cow when going down the fence
- in an open field turn, animal gets within 90cm of the end fence before being turned
- on trot-in patterns, failure to stop before executing a canter departure.

3 points

- exhausting or overworking the cow before circling.

5 points

- not getting one (1) turn each way (5 points each way)
- deliberate spurring or use of the romal forward of the cinch
- blatant disobedience.

Score 0

- turn tail
- using two hands on the reins in a bridle or two-rein class
- fingers between the reins in a bridle class, except the two-rein class
- balking
- out of control
- bloody mouth (inside)
- illegal equipment
- leaving work area before pattern is complete
- fall of horse or rider
- schooling between rein work and cow work
- schooling horse between cows if new cow is awarded
- if a rider hits or kicks the animal being exhibited, with the Romal

or reins, in an abusive manner

- failure to quit working a cow after a new cow has been awarded
- if a rider intentionally kicks or hits the animal being exhibited in an abusive manner
- knocking down the cow

105.14 The characteristics of the horse considered faults include:

- exaggerated opening of mouth, hard or heavy mouth
- nervous throwing of head
- lugging on bridle
- halting or hesitation while being shown, particularly when being run out, indicating anticipation of being set up
- losing a cow or being unable to finish a pattern because of a bad cow, the contestant should be penalised at the Judge's discretion.

- 105.15** The characteristics of a good working cow horse include:
- ☐ good manners
 - ☐ shifty, smooth, and having its feet under it always; when stopping, hind feet should be well under it
 - ☐ a soft mouth and should respond to a light rein, especially when turning
 - ☐ head should be maintained in its natural position
 - ☐ work at reasonable speed and still be under control of the rider.

303. YOUTH TEAMS RELAY

Three (3) competitors complete the course at the same time.

Starting Point

Obstacle 1 - Rope Cone

Obstacle 2 - Load 3 bales of hay into barrow and complete course.

Explanation: walk through L and back through poles and return to obstacle 2 start point and unload hay.

Obstacle 3 - Stick horse barrel horse race

Explanation: complete as per standard barrel race pattern.

304 JOKER TRAIL

Objective: To complete the most trail obstacles within a designated period of time in order to score the greatest number of points

The Course: The rider will be able to choose their own direction and sequence to negotiate each of the obstacles. There will be approximately 8 obstacles.

Scoring: Each obstacle will be assigned a point value. If the rider completes the obstacle, those points will be added to the overall score.

One obstacle will be designated as "The Joker". This obstacle will be so designed as to allow the competitor a choice of negotiation and degree of difficulty. This obstacle will have 2-point values, one for completing at the higher degree of difficulty and a lesser point value for completing at the lower degree of difficulty.

Timing: There will be a designated start / finish line. The rider will be given a 30 second warning prior to the allotted time. When time is called the rider must ride across the finish line. If the rider is involved in an obstacle as time is called, the rider may elect to complete that obstacle and if successful will receive points for that obstacle the rider must then cross the finish line. If the rider is just approaching the obstacle when time is called, no points will be awarded for that obstacle regardless of the completion of that obstacle.

If the rider has time remaining after attempting all of the obstacles, the rider may increase their score by repeating any obstacle again as long as it is not disrupted or knocked over. The rider may not do

the same obstacle back to back unless it is the only obstacle left that is not considered dead (see below).

Dead Obstacle: If the horse or rider knocks down any portion of the obstacle, it will be considered dead, thus the rider may not repeat this obstacle. Also, if a horse hits a pole or portion of the obstacle and it is severely disrupted, the obstacle is considered dead. Tipping or gently knocking an obstacle not causing it to be dislodged will not be cause for penalty.

Credit: Credit will be given as long as the horse completes the obstacle, the gait the obstacle was commenced in must be maintained throughout the obstacle however switching leads is acceptable. Some obstacles may have points available by completing the obstacle with a higher degree of difficulty. Any bonus points will be clearly marked on the pattern.

Faults: If a horse steps out of an obstacle (i.e. back-through or box), a zero score for this attempt will be given and the rider should move on. However, the obstacle will not be considered dead.

Equipment: No Training equipment is permitted. Equipment must be in line with normal Trail Class tack. Exceptions - Protective leg wraps/boots are acceptable, horses may be ridden in a bridle or snaffle regardless of age, however rein handling must appropriate to the bit / headgear used.

Attire: Up to twenty bonus points are available for costume. Costumes must be deemed to be safe and appropriate.

Ties: Ties will be nominated from the highest point earning obstacle down. In the event of there still being a tie after all obstacles are considered the score for costume shall be considered.
